

The Three Hills Capital

PUBLISHED IN THE INTEREST OF THE BEST MIXED FARMING DISTRICT IN ALBERTA

Vol. I. No. 1

THREE HILLS, ALBERTA, FRIDAY, NOVEMBER 5, 1915.

\$1.50 PER YEAR.

This is Overcoat Weather

See the New Styles and get first choice

Full Styles in all lines now ready

You're going to need a heavy, warm coat from now on, if you are going to spend one at all this season. You, of course, realize this yourself and probably have begun to look around for the best value for your money. By all means look around; we most earnestly advise it. We've already pleased many dissatisfied customers of other stores who have any doubt about the superiority of our value.

Our big range of Men's Overcoats is now ready for you. Our showing in this line is greater than ever. Newest clothes and styles for fall and winter season.

Don't overlook our big range of Sweater Coats.

JUST AROUND TOWN

We're off!

And away to a good start.

But it's a long, long way to our finish!

The dance in the the Three Hills opera house last Friday evening was thoroughly enjoyed by a fair sized crowd.

Don't forget the auction sales to be held next week, see Sheline's ad. for particulars.

Corp. Plant of the R.N.W.M.P., Trochu, was in town in his official capacity several days the past week.

The hardware firm of Kelly & Kirby have enlarged their place of business by the addition of a work shop to the rear of their store. Repairing will now be done while you wait.

Mr. Goldings made a short business trip to Calgary the latter part of last week.

Jack Finley of Delburne was in town this week on business.

Watch the Three Hills market quotations on the back page of this paper.

Quite a number of miners arrived here the past week from Kamloops and Ladysmith, Vancouver Island, and are employed in the Three Hills mine.

If you don't believe this is some interesting account, just stand on a street corner any day in the week and watch land after land & grain come in.

Miss Barroughs, who for some time past has been employed in R. E. Morgan's real estate office, has resigned her position, her place being filled by Miss Roberts.

Mr. Ed Crawford was up from Calgary the first of the week on a short leave.

V. A. Harg of Calgary spent several days here on business this week.

The Young People's society of the Presbyterian church held their regular monthly social gathering in the church Wednesday evening. It was one of the most successful yet held.

George Wilson, a married lecturer, delivered a lecture in the Presbyterian church Tuesday evening on "Slavery." The lecture was very well attended and thoroughly appreciated by those present.

Advertisers are kindly requested to have copy for change of ads. in this office not later than Wednesday noon to insure a change for the current week.

The Capital would like a correspondence in Swainsville, Ghost Flies, Twining, Sunnyside and Knox Mill Valley. Anyone desiring to act in this capacity please write to The Capital for particulars.

As our ready prints have not yet arrived we are compelled to use news print for this issue. Next week we will have a full fledged paper.

Marrriage of Wounded Hero Returns from the Front

The Capital did not make its appearance last week though it was through to look of our own. One thing to a good deal back in the road were simply finished out by a snow storm and the water was running through. This falling away was being remedied this week and we do not anticipate any delays in coming out on time in the future.

N. J. Mitchell has taken the position of "hanging round" at the N. T. P. station. "Pat" should handle the job very easily.

An editor in the south said ten years ago that the biggest trend on earth was country newspaper editorship. He said: "It costs everybody, gets covered for training, who trained for writing, and if it be for training, gets covered for training."

What's the Answer?

The newly installed editor of this very commendable paper, the *Three Mills Journal*, was at one time editor and manager of the *Three Mills Review*. In that week's *Journal* the editor comments the information that the initial number of the *Three Mills Capital* would be a change table and further states that "Facts walk in where signs have to be put." Well, well! Does the gentleman here that "brings us" "walked in" here, factually?

CHAPTER I

The Penal Code of the Province of Alberta, which is a part of the law of the land, contains a number of provisions which are of interest to the public. One of these is the provision which makes it a crime for a person to be in possession of a dangerous weapon. This provision is found in Section 101 of the Penal Code, which reads: "Every person who is in possession of a dangerous weapon is guilty of an offence." The definition of a dangerous weapon is found in Section 102 of the Penal Code, which reads: "A dangerous weapon is a weapon which is capable of causing death or serious bodily harm." The provision in Section 101 of the Penal Code is a very important one, as it makes it a crime for a person to be in possession of a dangerous weapon. This provision is a part of the law of the land, and it is a crime for a person to be in possession of a dangerous weapon.

Distribution of Seed**Grain and Potatoes**

By instructions of the Hon. Min-

ister of Agriculture a free distribu-

tion of superior seeds of grain and

potatoes will be made during the

coming winter and spring to fa-

vorable to the seed; but requests

from farmers. The samples will

consist of spring wheat (about 5

lbs.) while oats (about 5 lbs.), bar-

ley (about 5 lbs.), and field peas

(about 5 lbs.). These will be sent

out from Ottawa.

A distribution of potatoes in 5

lbs. samples will be carried on from

several of the Experimental Farms,

the Central Farm at Ottawa supply-

ing only the provinces of Ontario

and Quebec.

Each application must be separate

and must be signed by the applicant.

Only one sample of grain and one

of potatoes can be sent to each farm.

If both samples are asked for in

the same letter only one will be sent.

Application on any kind of printed

form cannot be accepted.

The destruction by fire of the

several buildings at Ottawa, which

contained grain cleaning machinery

and a large stock of seed grain for

distribution, may make it necessary

to curtail the distribution to a cer-

tain extent. We shall do a money

as possible of the application in a

uniform to the rule; but requests

received after the end of December

will probably be too late. Samples

cannot be sent in response to ap-

plications received after receipt,

which fail to state clearly the needs

of the applicant, his experience in

crop-raising, and the character of

the soil on which he intends to use

the seed.

All applications for grain and

potatoes from the provinces of

Ontario and Quebec for potatoes

should be addressed to the Dominion

Experiment Farm, Central Experimental

Farm, Ottawa. Such applicant may

require no postage. If otherwise

addressed, delay and disappointment

may occur.

Applications for potatoes furnished

to any other province should be

addressed to the nearest branch of

the Dominion Experiment Farm in that

province.

Written applications for cat-

alogue may be sent to Major R. W.

Coulthart at P. O. Box No. 2317,

Calgary, Alberta.

The Men's Man

Married at Three

On Monday, November 29, Miss Margaret Preston, youngest daughter of Mr. and Mrs. John Preston, was united in marriage to Mr. Joseph Mossey. The wedding took place at Three Hills. Rev. Father Basil officiating. The young couple have the best wishes of many friends in the community.

Resolution for Things Come Next Monday

Monday, December 6, is nomination day for Village Councilors. Those who aspire to a political career should get busy and get their names before the public at once if they expect to acquire a seat on the council.

Public Entertainment Tonight

Every citizen who is patriotic in any degree should attend the play entitled "Out in the Streets," which will be given in the Three Hills opera house tonight. The cast is composed of local talent entirely, and should be one of the most attractive events of the season. A dance will take place after the play, to which all are most enthusiastically invited to attend.

JUST AROUND TOWN

Sam McCullough of Hinton was a guest of his brother, R. W. McCullough last week end.

Mrs. Hugh Perry arrived here last week end, accompanied by her daughter, Miss Perry.

Mrs. L. G. of Calgary was a week end visitor with friends in Three Hills.

W. Hickey, Three Hills' most eminent financial agent, was out on our market on Tuesday.

Ed. Milne of Toronto stopped in Three Hills Monday on his way south.

J. N. Black has rented a "Bucks" blacksmith shop and is open for business.

Born. On Thursday, December 2, to Mr. and Mrs. A. Stelmer, a son.

Mr. and Mrs. Gordon Grant went to Calgary Wednesday.

R. Buga returned Friday from England where he had been with a shipment of war horses.

Mr. and Mrs. M. Simpson will leave tomorrow for a three month sojourn in Ontario.

Peter Kelly, Public Makers at the opera house Tuesday, December 21, under the auspices of the Odd Fellows' lodge.

Strike on in Three Hills

On Thursday afternoon a strike was called in the Three Hills coal mine, and it is still on. From the miners' standpoint, results are very rotten. With 2 1/2 inch seams, under which the coal has to go, the miners have a very poor chance to make money. The owners are, in our opinion, not to blame for striking. However, we hope that the agreement will be suitably settled in the very near future.

Ship your holes and furs to Ed & Simpson, Calgary. Price list on application to Ed & Simpson, Calgary, Alta.

Dr. M. Mecklenburg, Optician and Exclusive Eye Sight Expert, will again be at the Hotel, Three Hills, Monday, Dec. 6, at 2 p.m.; Hotel, Three Hills, Tuesday, Dec. 7, from 2 p.m. to 5 p.m.; Hotel, Arona, Thursday, Dec. 9, 8 p.m. experience. 11 years in Alberta. Charges moderate. Calgary office phone M1121.

Advertisers are kindly requested to have copy for change of ads. in this office not later than Wednesday noon to insure a change for the current week.

The Capital will have a representative in Staveland, Elton Pine, Twining, Sunnyvale and Kne Hill Valley. Anyone desiring to act in this capacity please write to The Capital for particulars.

Coyote Bounties

The Alberta Provincial Game Warden's Association has under consideration the matter of asking the government to reduce the bounty for the destruction of coyotes, and in order to do this intelligently, are anxious to accumulate as much information as possible on the question. With this object in view, they have written their members asking for answers to the following questions, and anyone who is interested, whether members or not, will do themselves and the association a favor by writing to the secretary, W. J. Clark, Box 210, Edmonton, giving the following information:—

Your experience of losses from coyotes in 1911 and 1912 as follows:—Sheep, pigs, poultry. What are the difficulties in securing sufficient evidence?

What fees do you incur? What other expenses or charges do you make out of? How far are they effective? Five percent age of your flock, and what level or grade. Name and address of owner.

Be sure of your facts before attempting to give an answer. A busy man who has time to realize how happy he is.

Please men take to drink and really and many others are quite willing to be taken

Our Stock is very Complete

10 Good Reasons

We are short of hands in the country
Public Post in the name of your ally

1. You are a good citizen and you are a part, either to fight yourself or help to make it possible for others to fight in this country.

2. As a Canadian you have enjoyed the protection and privileges of British citizenship and have never been held down in the Dominion of the Empire.

3. The British country has your property and the British law protects you.

4. In this hour of crisis, do not let British law make you a Canadian in substance and a British citizen in name.

5. The way to a better life is through a righter sense, a stronger sense of Truth, Liberty and the principles of Justice and the good law.

6. If you are a good citizen, you can help to make it possible for others to fight in this country.

7. The right of the Canadian Patriotic Fund is to make provision for ALL British soldiers and sailors from Canada to take part in the present war.

8. Those who have gone to the front fighting, great numbers have nothing to do but wait.

9. When the war is over, they will have to go back to the front.

10. An untrained child in the world's history can be a great asset to your country.

Mrs. E. Burke Passes Away

DECEASED—DIED 1916

It is with regret that we are compelled to announce the death of Mrs. E. Burke, who passed away on Friday last, January 14th, at her home three miles south of town.

Mrs. Burke had given birth to a child a short time ago.

The deceased was an old-timer in this district and was well known and respected by the residents of Three Hills.

Her husband (E. J. Burke) and four children are left to mourn her loss.

Interment took place on Sunday, January 16 at Treason Cemetery.

The sympathy of the whole of the Three Hills district is extended to all of the bereaved relatives and friends.

Sad Death of J. C. Young

Mr. J. C. Young, the local manager of the Farmers' Co-operative Elevator Co., who has been suffering for some time with diabetes, took very ill last week and entered the General Hospital at Calgary, but very little could be done for him and he died on Sunday, January 16th.

Mr. Young, during the time he was manager of the Elevator had made himself very popular with the people of this district and his death came as a sudden surprise.

A wife and three children are left to mourn his loss.

Interment will take place at Hamilton, Dakota.

The sympathy of the whole of the Three Hills district is extended to all of the bereaved relatives and friends.

FRIDAY, JANUARY 20, 1916. Subscription \$1.00 per Year

It has again been brought to the Editor's notice that a Board of Trade in Three Hills is conspicuous by its absence. We would be pleased to hear from anyone on this subject and the columns of this paper are open for suggestions in this matter. How can you expect your village to grow or prosper in any shape or form when this useful and necessary Board is absent? We don't think there is another village of this size along the line that is without a Board of Trade. Do you always want to be a 'village' or is it your ambition that Three Hills should be a 'town' some day.

The Editor was informed on coming to Three Hills that this was quite a 'sporty place' but when he enquired he finds that there is no hockey club, no football or baseball team, in fact, outside of a dance once in a while (which several persons are endeavoring to make sufficiently interesting to enable us to have one every week) there is nothing in the sport line whatever. How's this?

A. E. Paton has been appointed Secretary-Treasurer of Three Hills Village School District, and as Mr. Paton has served a considerable time as Trustee for this school District in a worthy and conscientious manner, we think he has well merited the position to which he has been elected. We have no doubt that he will justify the confidence placed in him and that the School affairs will have his earnest and careful attention. We wish him every success during the year 1916.

We feel that we are voicing the thanks of the Trustees and the public generally when we say that we are sorry to part with the services of C. P. McDougall, who has resigned his position as Secretary-Treasurer of Three Hills Village School District. Mr. McDougall has always been 'on the job' in anything connected with the School, owing to the pressure of other business Mr. McDougall felt that he was unable to devote the necessary time to this position and decided to resign. On behalf of the Trustees and the public we thank him for his past services.

Our readers will notice that in this week's issue we have started a new series under the title of Red Cross Notes and we will be pleased to receive correspondence from any part of Three Hills district under this heading. The Red Cross Society exists to succor the sick and wounded in the war. The need of this Society is great and growing greater as the war goes on. The price of progress towards lasting peace is very, very dear: it costs lives, health and homes. Our part in the presence of the payment is through the Red Cross monthly light, even when all have given to the extent of really feeling it. The ladies of the district are able to help this cause far better than the men, as it is gifts of handiwork, underclothing, handkerchiefs, socks, etc., that are required. While the men are looking after the Patriotic Fund and the raising of their arms by fighting the Home, it is up to the women to see that everything possible is done for the sick and wounded. Imagine a soldier, wet and dirty after being in a wet trench, he gets wounded, is brought to the rear, then, after his wound is dressed, he has a clean, warm and comfortable bed and socks handed to him. Don't you think he would be thankful? Sewing meetings are being held all over the country for the benefit of this noble Society.

READ THE ADVERTISEMENTS OF THE LOCAL PAPER

Remember that the local paper is a business. It is a business that is a part of the community. It is a business that is a part of the community. It is a business that is a part of the community.

A city is a place with all the elements of a village life multiplied by a hundred. It is a place where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community.

When the village goes to the city where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community.

Before the village goes to the city where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community.

But when the village goes to the city where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community.

Read the paper that thirty times a week you see every day. It is a place where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community.

Lady, of German birth with the British name all the while. It is a place where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community.

A farmer and his wife were looking over the fence at the only pig pen in the town. It is a place where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community.

When John, however in the last advertisement of our weeklies said we all pig and what was the result? It is a place where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community.

Persons—'Well, say, when you read the paper think about what happened twenty years ago.' It is a place where the life is a part of the community. It is a place where the life is a part of the community. It is a place where the life is a part of the community.

PATRIOTIC MEETING

A meeting in the interest of the Patriotic Fund was held in the Presbyterian Church on Tuesday, February 1st. The following officers were appointed for the current year:

President - Mr. W. N. Robertson
Vice-President - Mr. A. Sheline
Treasurer - Mr. A. L. Gault
Secretary - Rev. P. McNabb

An Executive, consisting of all the professional and business men of the town was also appointed. This list may be sent at any time, on application to the Secretary. This committee has power to add to its number. It was resolved and agreed that—

This Branch covers the south-east portion of the 11-day Electoral District. This comprises all west of, and including, Mount Olive polling subdivision to the Red Deer River, and south from the village of Three Hills to, and including, Twining district.

Messrs. R. E. Morgan and C. P. McNaughton canvass the town of Three Hills.

Rev. P. McNabb and A. Sheline canvass the district in the immediate vicinity of Three Hills.

Canvassers to have power to receive in kind as well as in cash.

The Minutes of the meeting published in the last paper.

The next meeting be held on the 15th of February in the same place.

Thus meeting adjourns to meet on the aforementioned date.

P. MCNABB,
Secretary

Already a considerable sum has been forwarded by the late treasurer (Mr. J. Phoenix) to the Treasurer in Calgary. Several generous donations have been made, by, for instance, two gentlemen—whose names we have not the permission to publish—have given, one the proceeds of one acre of wheat (amounting to \$22.89); the other, \$25.00, with more to follow.

The object of the Fund is to, in a somewhat tangible way, compensate those whose supporters have gone to the front in our defense. This is true and not said with any attempt at flattery that Three Hills has never responded poorly to that cause, properly presented. The officers feel confident that this appeal will meet with a hearty and generous response from all who appreciate the freedom we enjoy under the British flag.

The above-mentioned gentlemen, appointed as canvassers, will soon call upon the readers of the Capital and others within their district and have pleasure in receiving any contributions they may be disposed to give.

All contributions will be acknowledged in the Capital.

In the removal of Mr. J. Phoenix the Patriotic Fund loses one of its most enthusiastic supporters.

RED CROSS NOTES

The Red Cross Sewing Meeting is changed to Thursday afternoon at the home of Mrs. Holmes at 2:30 p.m.

WARNING TO U.F.A. MEMBERS

The President advises that the meeting of the U.F.A. to be held on Saturday, February 6th, will be called to order at exactly 5:30 p.m. By starting promptly the meeting will be over in time to allow all attending time to get home to finish their chores before dark.

The President further wishes to advise those accustomed to appearing as late late that the meeting will not be re-opened nor another meeting held for their benefit. His request is sincere.

Resolutions Adopted by the United Farmers of Alberta
Three Hills Local, on the Death of J. G. Young

Whereas in the Province of Alberta God the all of workers in the commercial movement of the Farmers' Co-operative Elevator Company has been deceased by the death of his eternal reward of the late deceased, James C. Young;

Whereas in the Union of Menages Young he clearly and unambiguously exemplified high principles of duty and integrity in a marked degree, regarding property to every last cent forth in the performance of his duty on behalf of our Company. He spent his life in dispassionate service to his fellowmen, pleasure, happy and composed in his intercourse with the members of the Elevator Company, and, in his untimely end, the loss of so noble a character will be widely felt in this community and deeply felt by the Farmers' Co-operative Company—who were his employees.

Whereas, he it is resolved, that in the early death of Menages Young we are reminded of our duty to his family in the past but they have outlived, and in this manner, our sincere and heartfelt sympathy in their their hour of bereavement. While we have lost a valuable patient and friend, his widow has not a lonely husband and his young family, a protection. We pray Almighty God that our departed brother may rest in everlasting peace and the benevolent spirit of all Good and his devoted resolution in the love of our departed friend in this valley of men, and to his brother.

Resolved that these resolutions be signed on any receipt, and a copy thereof be sent to the family of our deceased brother.

Respectfully submitted,
C. M. FLETCHER, President
A. A. MURPHY, Vice-President

RED CROSS NOTES

We have much to say this week in publishing the following letter which has been received by Mrs. J. E. Holmes, Secretary-Treasurer of the local branch of the Red Cross Society, from the Secretary of the Calgary branch:

"Mr. J. E. Holmes
Dear Sir:
I beg to acknowledge with thanks receipt of your Red Cross Order for \$100.00, which I have forwarded to the Red Cross Office at Ottawa. This is the first of all such orders, and I am glad if you will continue to contribute to our great work. Yours faithfully,
J. E. HOLMES

Mrs. J. E. Holmes is now able to state that the Red Cross Meetings are able to pay for the goods shipped from Red Cross Stores, Calgary and include receipt for the amount paid (\$100) for first shipment, together with thanks from Mrs. Wagners, Dept. of Supplies, Calgary.

The Red Cross Meeting is changed to Thursday afternoon at the home of Mrs. Holmes at 2:30 p.m.

Backache

The artist sketched this picture from life in a Toronto blacksmith shop in order to get the correct pose of the smith at the anvil and shoeing a horse. It is any wonder that the blacksmith's greatest trouble is backache and derangement of the kidneys? The constant strain on the muscles of the back and kidneys interferes with the filtering action of these organs. The wet, cold pavement left in the blood causes pain and aches, backache and rheumatism, and such serious diseases as Bright's disease and hardening of the arteries result.

But it is not the blacksmith alone who is bothered by backache, for there are many occupations in which the continuous strain on the back leads to such suffering, and also to serious disease.

Blacksmiths have always been strong in their prime, but the strain of the anvil and the hammer, and the long hours of work, have added to it, and it is a popular saying among farmers and horse men:

Being direct and prompt in their action, he, the blacksmith, never lets his back suffer from the strain of his work. The direct and prompt action of the blacksmith is the key to his strength and his health. The direct and prompt action of the blacksmith is the key to his strength and his health.

It is not the blacksmith alone who is bothered by backache, for there are many occupations in which the continuous strain on the back leads to such suffering, and also to serious disease.

DUST AROUND TOWN

"A Chalk talking pro, who's coming" starts

FOR SALE—A Ford car, in good condition. Apply at Capital Office.

If you want money see Sheline and McDonough.

See Kelly & Kirby for Mares' supplies of all descriptions.

List your Farms with R. E. Morgan for a quick sale.

Miss T. Hannah was in Calgary for a couple of days this week.

List your land with us. Sheline and McDonough.

The merchant who makes it PAY to read his "ad" will never lack for readers.

BOON—To Mr. and Mrs. Glen Peters, on Thursday, February 25th—a daughter.

Good store advertising is good public service, and our merchants are doing their part.

People will not lose interest in the "ads" until they lose interest in the problem of living.

Kelly & Kirby have a good supply of Harrow Oil and Dressing on hand. Farmers—get your harrows in shape for spring.

Don't send your money away to Mail Order Houses without trying the local merchants first. Support home industry and boost your town.

The Rev. H. M. Henderson hopes to be able to visit the surrounding Missions connected with this district as soon as he is furnished with a vouch, etc.

F. W. Pratt informs us that he intends to request the local Grindling Mill at once. It is his intention to put in a new engine in the near future. We wish him every success.

R. E. Morgan, Notary Public, informs us that he will draw up and execute, free of charge, the Will of any man in the district of Three Hills who enlists during the present war.

The Capital would like a correspondence in Steelhead, Ghost Pipe, Twining, Kensington and Kew Hill Valley. Anyone desiring to act in this capacity please write to The Capital for particulars.

Having taken over the Capital with the disadvantage of not having a full list of names of subscribers to the paper, we wish to state that all those who subscribed to the paper will receive their paper each week on producing their receipt at the printing office.

Big Military Sale

Our lady readers will be pleased to know that there will be a Big Military Sale at the Hotel Hudson shortly. The exact date will be published in our next issue.

W. Baneraman, of Calgary was a visitor to town this week. Mr. Baneraman is looking around the district for a suitable locality in which he intends to branch out in the engineering business.

The Three Hills Restaurant is again under the capable management of Mr. and Mrs. Betner. As they employ only white help and are open to serve short orders at any time of the day they should merit a fair share of the patronage of the district.

U. F. A. MEETING

A meeting of the U. F. A. (Good Union) will be held in the Open House tomorrow (March 4th) at 8:30 p.m. sharp.

The matrimonial auction sale of R. E. & J. N. Morgan's stock, etc., was capably handled by our local auctioneer, A. Sheline. "Andy" was right on to the job from morning till evening and the way he talked—well! well! Any person who is thinking of selling should see A. Sheline. If there's any coin within 100 yards of him, depend on "Andy" to get it. It's worth five times to see him wink.

There never was a wrong time for a good story to tell and there never was so right a time as right now.

Sudden Death of Mrs. G. Brinson

We regret to announce the very sudden death of Mrs. G. Brinson, of Cardston, having only been seriously ill for the short space of 12 hours. The cause of this sudden death was spinal meningitis. A husband and four children are left to mourn her loss. The sympathy of the district is extended to the bereaved relatives.

The Superiority of

Style-Craft Clothes

It's your policy to buy ready-to-wear garments that you hope will prove satisfactory—the only sure way is to buy **STYLE CRAFT** made-to-measure clothes.

STYLE CRAFT CLOTHES represent the highest degree of fine tailoring. They're garments that will meet your every need—whether you're a conservative or a radical dresser.

The superiority of **STYLE CRAFT CLOTHES** over ready-to-wear clothes is immediately apparent.

Call and look over our Samples.

THREE HILLS. THE MEN'S MAN. ALBERTA

Organized and Incorporated by Three Hills Mosaic Qualifications
Chlorine of Presbyterian Church

The evening of Wednesday, March 14, 1918, will be long remembered by the members of the Presbyterian Church of this place, as, on that evening the church was put on a better footing by the installation of new officers, who had been elected by the congregation.

Rev. J. M. Kellie, M.A., minister, presided at the Presbyterian Church, presided as moderator and finally welcomed from John H.V. and after the usual questions had been given, the new officers received the right hand of fellowship and at a closing meeting of the session were installed into their duties.

The officers appointed were Messrs. J. Robertson and R. P. Kirk.

It is hoped and believed that the steps taken will mean much for the religious life of this place, as both gentlemen are quite capable and thoroughly conscientious.

The pastor, Rev. P. McCall, who presided, ably addressed the new officers concerning their duties and the faithful discharge of them. The meeting closed with the benediction.

A BRIGHT TOBACCO OF THE FINEST QUALITY - 20 CENTS PER PLEB

BY MARVIN DANA

"I told you that a crank
 Mary married a little while ago
 and her name would be in the
 paper. I was told she was
 not. You can't send a girl to prison and
 have her come out anything else
 but a criminal. I was afraid in
 movement of complete disgust.
 She didn't get her time for good
 behavior."
 "I am proud of it," said her
 sister, "because you know what goes
 on there behind those stone walls."
 "You mean," said the other girl,
 "that you want to send girls there?"
 "You know what a girl is regarded as
 as to come out of good behavior?"
 "If I served every minute of my time
 every minute of my three full, whole
 years. Do you wonder that I want to
 go?"
 "You're pretty good, and look ahead
 my name and give me a letter."
 "I'll give you the letter,"
 said the girl's sister.
 "Add the girl's name."

"Naturally." She got all she want-
ed. "You—my mother!"

"It's mine now, you know, isn't?"
father looked at his son with a
staring and stupid expression.

"Yes, it is now." "You are all in
love in the world. You will have to
free yourself from the woman some-
how."

"I am something to her son, dad."

"What can you ever her?" She took
you into the marriage. Yes, bring-
ing her into the world. I mean
something more than a wedding cere-
mony. We must get you out of the
marriage."

"I am not sure that I want to get out
of it, father."

What does a man who has lived and worked on a farm for 57 years have to say about the future of the smaller farm? Is he willing to look at the future of the smaller farm with a pessimistic eye? Or is he willing to look at the future of the smaller farm with a realistic eye? The answer is: He is willing to look at the future of the smaller farm with a realistic eye. He is willing to look at the future of the smaller farm with a realistic eye. He is willing to look at the future of the smaller farm with a realistic eye.

Live Stock Commissioner
The Manitoba government has decided to appoint a live stock commissioner the province never previously having had such an official. Part of the duties will be the carrying out of the Norris government's scheme to subsidize settlers with cattle.

Chinamen
Chinamen became a part of house destruction in early in 1920.

The determination of the German
to remain in Belgium has held Ant-
werp in captivity for an incident
told to a newspaper correspondent by
a Belgian who has just returned from
Germany.

The owners of the great printing
house, Wilhelmlem Perms, which was
destroyed by the Germans in the
early days of the war, had re-
quirements for "Communist" and
reconstruction to rebuild. It was re-
quired that the new building be
built on the same site as the old
had been located on the Marche
square, adjacent to the cathedral
square. The German architect, who

In Ontario the decision of the Government will be judged as an indication of its intention to deal with the prevailing situation.

We typed and wrote about half a million dollars a day through the Lyons Company. We can afford it,"—M. Arnold.

Mr. M. C. P.

An insignificant member wrote to the principal of the high school in Newbury, N. H.—My son writes me that he has in study too hard. He says he has to translate fifty sentences of Latin every day. I have looked it up in the dictionary and find it is a portion of six feet. Now that makes three hundred feet or two thousand yards. I have to go to school for five minutes each day. I think about half a sentence or thirty-six inches, or this Latin is played on a boy of his age. Your truly, Mrs. Smith

JUST ARRIVED TOWN

"A Child among you, what name?"

FHL-15E-A Ford Car, in good condition. Apply at Capital Office.

See R. Hamish left for Calgary on Thursday for the weekend.

C. I. Knight left for Calgary this week.

A. Stirling was in Calgary this week on business.

A fine addition is being made on the house of R. E. Morgan.

Don't forget that Board of Trade meeting on Thursday next.

Our local carpenters are all busy just now, alterations and additions are the order of the day.

The Farmers' Elevator Co. are shipping Hops on Thursday next, April 14th.

Waterweight and Hops will be in town again on Thursday, April 13, with up-to-date Moving Pictures.

Mr. and Mrs. W. J. Hunter, of Calgary, were visitors at the house of Mr. and Mrs. T. J. Kirby this week.

R. E. Morgan went down to Calgary on Wednesday, returned on the noon train Thursday and left on the evening train for Calgary again. Home hunting, eh what!

R. Bollen has taken over the old garage and carpenteries are making some extensive alterations in the building. Mr. Bollen is opening up in the Real Estate business. We wish him every success.

Our genial section foreman (Mr. C. Brown) and family have returned from their vacation in the east. Mr. Brown was called back to duty sooner than expected, but reports having had a good time.

A military report was added to our village this week by a member of the Lehighville Kiltie Band. In his khaki tunic and plaid kilt he was a fine example of our soldiers who are fighting for their King and country.

Our local blacksmith, Mr. F. W. Tagger, has installed a modern Press Wrench. One of the many advantages of this machine is that dies may be sharpened in sections without any taking apart. A 11 h.p. engine has been put in to drive this machine. The farmers should see this machine when they are in town.

Earlier Military Sale

The Big Military Sale which we mentioned in our previous issue is to be held on Saturday, April 8th, and Sunday, April 10th, at the Hotel Heffern. We are informed that many of the latest eastern models in Ladies Hats will be on view during those two days and the ladies of this district should make an endeavor to see this excellent display.

WITHIN THE LAW

BY MARVIN DANA

THE LAW is a vast and intricate web of rules and regulations that govern our society. It is a complex system that has evolved over centuries, shaped by the needs and desires of the people. The law is not just a set of rules, but a living, breathing entity that adapts to the changing times. It is the foundation upon which our society is built, and it is the responsibility of every citizen to understand and respect the law.

One of the most important aspects of the law is its ability to protect the rights of the individual. The law ensures that every person is treated fairly and that their rights are not violated. It is the law that gives us the freedom to live our lives as we see fit, while also ensuring that we do not infringe upon the rights of others. The law is a delicate balance between freedom and order, and it is the responsibility of the legal system to maintain this balance.

The law is also a reflection of the values and beliefs of a society. It is the law that defines what is right and wrong, and it is the law that guides us in our actions. The law is a mirror that reflects the character of a nation, and it is the responsibility of the legal system to ensure that the law is just and fair.

It is the duty of every citizen to know the law and to follow it. The law is not just a set of rules, but a way of life. It is the law that gives us the freedom to live our lives as we see fit, while also ensuring that we do not infringe upon the rights of others. The law is a delicate balance between freedom and order, and it is the responsibility of the legal system to maintain this balance.

Protection of Canada's Forests

Increasing Regs. Call Heated by the Commission of Forestry

THE COMMISSION OF FORESTRY has issued a report which calls for a more stringent system of forest protection in Canada. The report states that the current regulations are inadequate to protect the vast forest resources of the country. It calls for a more comprehensive system of forest management, including the establishment of national parks and the creation of a forest service to oversee the management of the forests.

The report also calls for a more rigorous system of logging regulations, including the requirement that all logging operations be supervised by a government official. It also calls for a more comprehensive system of forest fire prevention, including the establishment of a forest fire service and the creation of a forest fire fund to provide for the cost of forest fire prevention and suppression.

The report is a call to action for the government and the people of Canada. It is a call to protect the forests that are the lifeblood of our country. The forests are not just a source of timber, but a source of life. They are the lungs of the country, and they are the source of our food and our shelter. We must protect them for the future of our country.

Refugees Safe in Russian Imperial

From Poles Invited by German or Expected to Attack

REFUGEES who fled from Poland and other parts of Europe are being welcomed in the Russian Empire. The Russian government has issued a decree stating that all refugees who are fleeing from the Germans or who are expected to be attacked by the Germans are safe in the Russian Empire. The decree also states that the Russian government will provide for the needs of these refugees, including food, shelter, and medical care.

There are a good many examples of the value of good roads. Wherever roads have been permanently improved it has been found that there has been a great increase in value of the adjacent property.

Young People's Meeting

A very pleasant and interesting evening was spent by the above Guild on Wednesday evening last. Mrs. T. Davidson presided and after hymns and prayer called on J. J. R. Thompson for a lamp robe. Mr. New, of Calgary, kindly gave an excellent sermon; Mr. New has an excellent voice that is a pleasure to listen to. An address on "A soldier's life in India" was given by Mr. Thompson and was attentively listened to. Another sermon by Mr. New and a hymn by three persons, also a few remarks by the Rev. P. McNabb closed the meeting. A social will be held next Wednesday evening and a refreshment is in store for those who can attend the meeting.

FRIDAY, MAY 5, 1916. (Wednesday) 11.50 per Year

The weekly country paper has a definite air of being in the world as can be furnished by the city dailies. Such a publication is not only a business guide, but it is a pulpit of nations. It is a public forum where the affairs of the people are considered; it is a social frieze, a bond of friendship and good will. When edited by a broad-minded and just man, such a publication so treats the different sects that they realize their brotherhood and become good friends. It binds those whose theology would often separate. It is very important that nations should be made of those who help in the growth of our village, or in our social activities of our daily life so many more minds are inspired by want of a cheering word than are made vain by an excess of praise.

Sundevall L.O.O.F. No. 50 Annual Church Service

The Anderson Church, Services of the Bordenville L.O.O.F. Lodge, No. 50 (Sundevall) were held in the Hall at Bordenville on Sunday afternoon last. In kind weather, and, through the kindness of those who lent their cars, the Three Hills Lodge, No. 112, accompanied by many of the Bordenville and their friends journeyed to Bordenville. Bro. F. White, District Deputy Grand Master, held charge of the service, and after mentioning both Lodges in order, accompanied by the Bordenville, he led the service in the Church. Bro. H. H. Henderson conducted the service and taking as his text that beautiful quotation "God shall send up in His own image" presented a very eloquent address—eloquence of the Fatherhood of God and the Brotherhood of Man; he also made reference to the fact that while the L.O.O.F. does all it is power to do to its members, their wives and children in every healthy sense, it was for the Church to help in their spiritual needs. The service was interspersed with some beautiful hymns and was closed with the singing of God Save the King. The Lodges filed out of Church and marched to the center of the Village, where Bro. White, in a most speech on behalf of the Bordenville Lodge thanked all those who had turned out and also referred to a vote of thanks to Bro. H. H. Henderson, which was heartily given.

Board of Trade Meeting

A meeting of the above Board was held in the Capital Office on Tuesday evening. Meeting was called to order by the President. Minutes of previous meeting were read and adopted. Membership tickets were taken up by several persons; tickets may be obtained from the Sec-Treasurer. The re-organizing committee appointed at last week reported that about \$115 had been procured or donated.

PUBLISHED BY J. R. THOMPSON

I have tried in all possible ways to show my appreciation of the support given me since coming to the Village. In the columns of the paper I have supported all enterprises that I considered just and meritorious. If the paper has pleased you I am fully repaid for my labors, and will endeavor to follow these good lines—fearing none and favoring all.

The Editor.

To us it looks as though the trials of the country are as watered, that the town which put forth the most effort in that direction will eventually succeed in landing far more than her legitimate share of business. At present, while time hangs on the hands of the average man, he takes time to look around, and then spends his money where he can get the farthest, and to us it seems that the merchant who offers him good values for his money will eventually reap golden rewards in the way of his future trade. This fact we would impress upon the minds of the people and we would also wish them to add to us in establishing the fact that in our town we can be found better bargains than in any other in this section. If we once get this fact established, our town will soon be handling far more trade than rightfully belongs to her.

A very pleasant social evening was given by the Young People's Society on Wednesday last at the Presbyterian Church. After a very pleasant and a few hymns the meeting was limited in the following well rendered program:

Address on "Alcohol" by W. P. Anderson and R. J. Ballie, each of whom said that there is no place for it in our beautiful province.

Mrs. H. Kirk kindly presided for the evening.

There were refreshments and all enjoyed the evening very much.

In Memoriam

Died, at Truro Hospital on Thursday, May 4th, Horrold McMillan, age 41 years, son of Mr. McMillan, of Three Hills.

Death came with friendly aid. The opening lead to Heaven was given. And he is in Heaven.

The funeral took place on Friday, May 5th, at 3 p.m. in the Three Hills Cemetery.

Rev. F. McMillan, of the Presbyterian Church, conducted the service at the home and the graveside, and spoke in words of tender sympathy and comfort, of deep Christianity and hope of a glorious future.

There was a great turnout of friends to the graveside which was only to be fitted by the fact that he and his family were very much loved by the community.

On behalf of the members of Three Hills and district the "Capital" records the sympathy to Mrs. McMillan and family. In this, their hour of trial.

Is Your Real Estate
Worth Advertising

People who are "interested in real estate" are usually very much in demand. They realize how much depends upon the right selection of a house and try to make mistakes when seeking work.

Whether the house is to be purchased now or in six months, these people study the real estate "value" EARLY and HOPEFULLY.

The house reader who studies the real estate should be answered promptly and in the following manner in the advertisement.

One advertisement of an attractive house is often being omitted; a house would not be so many if the general summary to make a purchase.

If a house is worth selling it is worth advertising; the opinion of those who are looking for the real estate sale.

Is Your Real Estate Worth Advertising?

People who are "interested in real estate" are usually very anxious to succeed about it.

They realize how much depends upon the right selection of a house and to give them advice when working such.

Whether the house is to be purchased or let in six months, they might as well make sure they are getting the best and most profitable results.

The house owner who does not question and then should be answered frankly and in an interesting manner in the advertisement.

The advertisement of a real estate house will be very long, and a house would not be too many if the general accuracy in the advertisement.

If a house is worth selling it is worth advertising in the opinion of those who are looking for the real estate agent.

Farwell Social Extended To Mr. and Mrs. W. S. Giddings

A very pleasant evening was held in the Sports House on Tuesday evening last, when the many friends of Mr. and Mrs. W. S. Giddings showed their appreciation of the profitable and pleasant evening they had enjoyed in Three Hills.

During, Glean, and an excellent supper were the order of the evening.

After supper the Rev. H. H. Robinson (who had been invited to act as chairman) called upon Mr. and Mrs. W. S. Giddings and presented them with a beautiful bouquet, addressed thus, as follows:

Three Hills, May 26, 1916.

Dear Mr. and Mrs. Giddings: I have been called upon to give you a few words and to wish you a very happy evening. I am sure that you will find it as pleasant as mine. I am sure that you will find it as pleasant as mine. I am sure that you will find it as pleasant as mine.

Promotion by Women's Institute to Mrs. R. W. Hoffman

At the regular meeting of the Women's Institute on Saturday last, the President (Mrs. Hoffman) on behalf of the Institute, presented Mrs. R. W. Hoffman with a Certificate of Appreciation as a mark of the esteem in which she was held by the ladies of the Institute. Mrs. Hoffman had been the majority of the Institute, and had played a large part in its development for many years. She had been the majority of the Institute, and had played a large part in its development for many years. She had been the majority of the Institute, and had played a large part in its development for many years.

Mrs. Hoffman in a very emotional reply said that she much appreciated this unexpected kindness and after thanking the ladies of the Institute for their gift, said that she hoped the Institute would continue to do its duty and prosper by so doing and improved upon them the fact that in their most communication, such as we live in: we are mutually dependent upon the farmers, and asked the Institute to always keep that fact before them. Mrs. Hoffman thanked them in conclusion, saying a words around Mrs. Hoffman, the ladies sang "For God's Sake, Good Fellow" which concluded the evening.

Spring & Summer Styles for Men

The military influence is very noticeable in the new men's fashions. The trim, broad, shouldered, narrow-skirted effect is marked. There are variations to suit men of different figures.

Our make-to-measure service permits you to select the style that is intended for your figure, give your choice of hundreds of imported fabrics, and give you a suit or overcoat that is built expressly for you, perfect in style, in fit, in tailoring.

The new Spring and Summer styles and samples are ready for your inspection.

Young People's Meeting

The Presbyterian Young People's Guild held a meeting on Wednesday May 17th. Attendance good. The subject was "Italy." The number of Italians coming into Canada has fallen off within the last year or two, undoubtedly owing to the war. There is however a very considerable element residing which calls for the energy of the Church and State to stimulate the land and assimilate the good qualities which they bring to our homes.

Mr. Ferguson-Kirk presided. Short addresses were given by the Rev. P. McNabb and Mr. A. R. Burday. Recreating Sergeant Morrison, who is at present in town looking after the interests of the 167th Battalion, gave a short address on "Service." The Guild showed their appreciation of his presence and address. A committee was appointed to see to it that the honor due to those who have gone and those who may yet go from the vicinity to maintain and defend the honor of the Empire and the cause of humanity shall be given prominence.

The next regular meeting will be held at 7:15 on the 24th inst., when Mr. S. Robertson will preside. The subject will be "Ireland." Addresses will be given by Miss Ruth Cuthbert, Mr. Mackenzie and Mr. McCallough.

Is Your Real Estate Worth Advertising

People who are "interested in real estate" are usually very much in earnest about it.

They realize how much depends upon the right selection of a house and try to avoid mistakes when seeking ads.

Whether the house is to be purchased now or in six months, these people study the real estate ads' CAREFULLY and HOPEFULLY.

The house seeker asks many questions and these should be answered frankly and in an interesting manner in the advertisements.

One advertisement of an attractive home will often bring results; a dozen would not be too many if the general economy is wisely a pointer.

If a house is worth selling it is worth advertising in the opinion of those who are looking for the real estate ads.

JUST AROUND TOWN

A Child among men, take notice! Here.

Who said we had no children?

1. J. H. H. has traded his farm for a business more profitable. Watch.

Board of Trade meeting on next Tuesday at 8 p.m.

Did you see those horse races yesterday?

J. H. H. is now in charge of R. H. Morgan's equivalent Vancouver Station.

Mr. and Mrs. T. J. Keith left town this week for an extended tour in the west.

Mrs. McLaughlin was a visitor at the home of Mr. and Mrs. Gilbert this week.

During the "Morris" last night Sergeant Morrison, 187th Batt. gave an address on the need of recruits for the present war.

The Three Hills Agricultural Society intend holding their Field Competition. The entries must be made up on or before July 10th, to the Secretary (H. A. Simpson) or at the office of McInnis and McDougall.

Perhaps the parties who roped up the door of the recruiting office did so because when they passed the open door they were ashamed when their conscience heard the call of the brave Canadian boys in the trenches of France, saying "Come and help us, none of our comrades are dead, we are all still."

Liberals never killed a town. Every public enterprise ought to receive encouragement. When you give a dollar towards improving the town you do not thus sway your money, but simply make a good investment.

If the person or persons who feel the rope from the recruiting office at the Capital Office would spend the same amount of time trying to improve their education so as to be able to come in on one end of the rope (say, run the paper) or failing that, to get on the other end of the rope and step in the recruiting office, take the King's Oath and don his Khaki—they would then accomplish something. Must be "Wild West" days again!

Women's Auxiliary

The next meeting of the W. A. in connection with the St. Barnabas Church will be held at the home of Mrs. T. W. Collings on Wednesday next at 8 p.m.

Many Canadians Lost In Big Fight

The war news that has come to hand this week shows that the long expected fighting tactics have commenced. Lord Kitchener's loss, at a hard blow, and the loss of "our" never leave Canadians in the least trouble. Fighting will cost a good many more Canadian lives than it costs from "Old Chaps" in the British of "Hush-hush." The British cannot be, after a famous victory. Again, to show the de-termined spirit of our troops we can quote from the famous Canadian

Corps (Napoleon) who said, "to see the British troops moved down at Waterloo." "Our" those British soldiers, my generous ones down, all they come in with troops like them I could whip the "no" "The same spirit is present today; the House may show down our brave boys, but they will come in and in due time we shall beat them; the legion that have overthrown all the infamous methods of war that man's blood and passion can possibly invent.

Roll of Honor Unveiled At Twining

On Saturday last, June 2nd, the members of Twining and district held a Patriotic Parade in honor of the famous and departed soldiers of the Twining. The attendance was very large. The parade was in the form of a "Patriotic Parade" and was very successful. In the parade, a "Roll of Honor" was unveiled carrying the names of all who had enlisted in the "no" in the cause of liberty for the

house of the British Empire. A short program was arranged, consisting of addresses by the Chair and addresses by the Rev. H. M. Goodwin, Rev. P. McNeil and Rev. Morrison of the 187th Batt. A program of sports is also now on foot in these districts to achieve. The Twining people are certainly well up to the mark in "Keep the Home Fires Burning."

A Visit to 187th Batt. at Red Deer

The Editor was in Red Deer last week in connection with his military duties (in the 187th Batt) which he must shortly assume. The Batt. which is known as a "Veteran Batt." is now quartered in the Richardson Ground and a more ideal location could not be imagined. Daily well-attended quartered here open spaces where the boys play football, etc. and are excellent "V" masters, also means for reading and writing are at the disposal of all. The other was surprised

and pleased at the welcome they are met with by both officers and men. "Old Buffs" receive every man presently with an open hand and a kind word. The other boys, though waiting a long while before taking the step and getting into the "no" (the Batt) that he could not have joined a better Battalion. The Adjutant and Regt. Major are well men that a good soldier who is proud to follow, say, even to a soldier's grave.

FRIDAY, JUNE 16, 1916. Subscription: \$1.50 per Year

This week my editorial must take the form of a farewell to my readers and advertisers. Having felt for some time that it was my duty to offer my services to the Empire in this time of strife for the freedom of the English-speaking races of the world, I have enlisted with the 187th Battalion, of Red Deer, Alberta, under Col. W. Robinson.

During the time amongst you I have endeavored to do what is right; leaving none and favoring none. I have endeavored to run a clean, bright newspaper and tried to fill the desires of all my supporters.

In return, I know that I have had the wholehearted support of the community, and have made many staunch friends—whom memory I shall carry with me wherever I may go. Should it be possible I will be glad to be amongst you all again as future date.

Let everyone work together, boost your town, your plans of business, your Board of Trade, your Churches, or any place or organization that will help in the advancement and growth of the town and in the years to come none will have more to regret it.

It is not intended that the paper should cease publication as it has completed arrangements whereby Mr. W. Manning will continue to edit the paper. Mr. Manning is a practical experienced man, and I would ask my supporters to extend their confidence and help to him in the future.

Again thanking all those who have given me their support during the time I have been with you.

Yours most sincerely,

J. J. R. THOMPSON,

Editor

Spring & Summer Styles for Men

THE military influence is very noticeable in the new men's fashions. The trim, broad-shouldered, narrow-skirted effect is marked. There are variations to suit men of different figures.

Our make-to-measure service permits you to select the style that is intended for your figure, gives you your choice of hundreds of imported fabrics, and gives you such a personal touch that it is worth for you, the perfect in style, in the summer clothes and accessories.

Examples are ready for your inspection.

JUST AROUND TOWN

For King and Country—soldiers
new work is being conducted at the far grounds.

Play Day week a business trip to Calgary Monday.

Good-bye last week on our streets this week.

High Canada will be on its points in Montreal.

Long Missions went to Calgary last Saturday afternoon.

Mr. Ferguson of Jasper House is in the village Wednesday.

In a very short while it will be a hard thing to "get down" in Alberta.

Arthur Tripp left Monday for Calgary where he will make an extended visit.

A special meeting will be held in the Opera house tomorrow.

lecture on the marketing of poultry and eggs will be given. Every such now.

Mrs. T. W. Manning arrived yesterday from the Lake. Mrs. Manning has been painting for the three towns this week. Mr. Manning is in the hotel Wednesday.

Mrs. Evans Hildreth's father is visiting at the home of his daughter in the town.

A. L. WEALE, Manager
Three Hills, Alberta

Mrs. E. M. Ferry of Vancouver B.C. is visiting at the home of Mr. and Mrs. W. E. Ferry of Three Hills.

Admission for Field Notes Competition will close July 15. Entries may be made through H. E. Morgan or G. P. McLaughlin.

C. M. Thompson has just completed the purchase of a quarter of land from the well-known real estate broker, H. E. Morgan.

A meeting of the F. A. will be held the first Monday of every month. Tuesday night entertainment will be Saturday July 1.

A good many farmers have been looking for a new place to live in the last few days of last week. Some have been waiting at the station every day.

G. E. Thompson is one of our subscribers this week. He is also receiving an advertisement in the morning sale of some of the best-known brands.

Farmers should be in mind that the late this year will be held on July 15, which is much earlier than usual, and it is time now to get your entries in.

The dog house placed near the station, by the Board of Trade is a beauty. So just now for the first time, it is in the hands of the people.

A special meeting will be held in the Opera house tomorrow.

Styles for Men
The military influence is very noticeable in the new men's fashions. The trim, broad-shouldered, narrow-skirted effect is marked. There are variations to suit every different figure. Our audio-visual service permits you to select the style that is best for you. We will be glad to furnish the Capital to anyone visiting from the Three Hills district. WESTERN FARMERS GREAT OPPORTUNITY

Poultry and Eggs Now in Much Demand For Great Export Trade

Perhaps never again will Canadian farmers have such a wonderful opportunity presented to them of disposing of their surplus poultry and eggs in a profitable way. The fact of Britain is so critically being that in their way today, and so favorably if the great opportunity is grasped promptly the present will be a golden opportunity for such important and profitable work as has been desired for years by the Canadian farmer.

There is a demand in the British market for eggs and poultry, such as never been known before. From the year 1909 to 1915 the shipment of eggs into Great Britain increased from 177,096,444 dozens to 215,790,545 dozens. Owing to war conditions it is estimated that for 1915 and 1916 at least 160,000,000 dozens of this supply must be sent off so far as the former source of supply are concerned.

At the time of the outbreak of the war Canada's export of eggs amounted to practically nil. We were not producing a sufficient quantity of eggs for home consumption, and our imports of eggs were increasing year by year.

Since the outbreak of the war Canada has exported considerable quantities of eggs to Great Britain, and careful consideration of the business done with Great Britain during the period from the fall of 1914 to the present time will show us, not only that we are in danger of losing a golden opportunity, but that the opportunity is ours if we will accept it.

In the first place then, it is to be feared that we have not been shipping eggs of such quality as will encourage a continued demand from Britain after the time of stress has passed, simply because we have not had eggs of such quality as we might quite easily have had to ship. In spite of this unfortunate fact, owing to the wonderfully favorable conditions existing in Canada for the production of the very finest quality of eggs, Canadian eggs have recently sold higher prices on the British markets than United States eggs, which goes to show what could be accomplished if the effort were made.

Now comes the question "How have we managed to export eggs to the British markets at all?" Simply by slightly increasing our production and sending out our own eggs and replacing them with imported eggs. Then, taking our Western eggs, we find that the Eastern egg dealers in their efforts to meet the demand, cause West to buy eggs, but found that our Western eggs generally were not of a quality such as would find favor on the British markets, so they shipped every Eastern egg possible and retained the Western eggs for home consumption. Looking at the condition of the industry in Alberta to-day what do we find? There has been even a greater shortage than usual this season, the reason for this being various; but in which are included a lack of interest and correct methods on the part of many. This shortage presents an opportunity to those

Angled for birthday, today.

Mr. Kirk left for Seattle, Thurs-
day morning, when he will make
a two week's visit with his brother
who lives north of that place.

The morning picture above at the
Opera house, Wednesday night
was rather a failure. The light
was imperfect, and although a good
crowd turned out to see the per-
formance, there were many dis-
satisfied.

On a passenger coach started
to the freight train last Sunday.
Bitten was dropped off at Three
Hills to pick up part in off-
wheat harvest. The men all come
from Quebec, and none of them are
already at work on farms near town.

Heard Tye, traveling salesman
for the Singer sewing machine in
the central part of the province has
been in town the past few days. He
says that except around Three Hills
looks as good as any part he has
traveled over. He has been making
his headquarters, while here,
with Melville & McKinnough, the
local Singer agents.

The boys from Stare Camp, who
are here for harvest, request that
anyone wishing to enlist talk to
them as they are recruiting men.
Those who enlist now need
not go into training, even until
September 1918. He has a chance
to go with him home.

H. Hartman & Son, of Calgary,
unleashed a throwing rig from the
G.T.R. here. They intend to cover
the same territory as last year.

The first grain cut in the vicinity
was that of Carl Meers, on Wed-
nesday.

H. T. Howe has sold over 20
bushels to date, and it is keeping
him busy putting them together
and in the hands of farmers before
the harvest starts. Fertilizer &
Blot, the garage men, are helping
Mr. Howe with this work.

BLACK RUST SCARE ONLY FROST BITE

Farmers have been somewhat alarmed the past few days because of the condition of grain in low spots. In some fields the kernels of some of the wheat turned black and seemed to be rotting. It has been found that this is not black rust, but was caused by the frost bite of August 11th. The frost-bitten grain is only in some of the low spots. On higher ground the grain came through the cold April unscathed.

VILLAGE COUNCIL MEET

A meeting of the village council was held in E. E. Morgan's office on Monday, August 28, at 8:00 o'clock, p.m. Minutes of the previous meeting read and adopted.

Moved by Mr. Witwer seconded by Mr. Kirby that the secretary write to Mr. Patterson and see if it is possible to get him to change the date of the tax enforcement to September 15th instead of September 1st. Carried.

Moved by Mr. Kirby and seconded by Mr. Witwer that the secretary write to the Canadian Fairbanks Home Co. and inform them that their representative called, and that the clerk explained to him the position of the village. Carried.

Moved by Mr. Witwer seconded by Mr. Kirby that Christina's bill for \$84.00 be paid as soon as there is sufficient funds. Carried.

Moved by Mr. Kirby seconded by Mr. Witwer that the secretary on the Crown Lumber Co. and arrange for the account by renewing the note. Carried.

Moved by Mr. Kirby seconded by Mr. Witwer that the bill for \$16.50 for the Crown Lumber Co. be paid. Carried.

Moved by Mr. Witwer seconded by Mr. Kirby that J. Bowhay's bill for \$22.80 for moving sidewalk and paying the day team for loading be paid as soon as there is sufficient funds. Carried.

Moved by Mr. Witwer, seconded by Mr. Kirby that the services of the village policeman be discontinued as the services of a policeman are no longer necessary in the village. Carried.

Moved by Mr. Witwer, seconded by Mr. Kirby that the secretary be instructed to pay J. Bowhay's salary as soon as there are sufficient funds. Carried.

Moved by Mr. Kirby, seconded by Mr. Witwer that we adjourn. Carried.

National Exhibition of Toronto

The Canadian National Exhibition, opened at Toronto on Monday, has been designed to symbolize the unity of the cities against the military conquest of France. The exhibition was opened by Mr. George Parley and the attendance already exceeds its estimate. A feature of special interest to Westwore is the Canadian exhibit made by the Canadian Pacific Railway, showing the agricultural, mineral, timber, fisheries and fur-bearing resources of Canada, particularly of the Western Provinces.

UNION BANK

OF CANADA

Keep The Family Savings In A Joint Account

In the name of two or more members—husband and wife, brother and sister, or father and son.

It is an all-round convenience, security and safety in the event of death or disability, and in case of death the balance goes to the survivor, without any formalities, forming an immediate source of ready money.

We have other plans and facilities for the family savings account.

Write for particulars to the nearest branch of the Union Bank of Canada.

Plans For Skating Risk

A number of attempts have been made by the Capital to gain out a way to secure a skating rink for the winter. The Capital has been forced to attempt to get it done and it succeeded to get busy at once, before a frost could stop the necessary preparations being made to the ground. It was leveled at the meeting to erect a six-foot high board track around a square, the stand which is to be fixed by the executive appointed to the task. The location of the rink will be somewhere near the town and water so they can easily proceed for heating. It is also suggested that some person be hired to take care of the premises.

Will Go To Hospital

V. Nichols, who it was reported in this paper last week made a trip to Calgary, to secure medical aid for what he thought to be a cancer retained the latter part of the week and confirm the report that he has a cancer on his hip. Mr. Nichols will leave soon for Banister Minnesota, where he will undergo an operation, and it is sincerely hoped by his many friends that he meets no trouble in a speedy recovery from the disease.

Mr. Nichols is one of the oldest settlers in this part of the country and is well known and admired by many who have been associated with him in many ways.

He will hold an auction sale of his stock and implements on October 10th shortly after which he will leave for Banister.

Letter of Thanks

A. L. Steele, Esq.
Manager Union Bank of Canada,
Three Hills, Alta.

Dear Sir:-
Your letter of the 26th instant enclosing check for \$410.00 as a further contribution from the Three Hills branch has been duly received and on behalf of the Committee I am asked to ask you to extend to them their very sincere thanks for the same.

Yours truly,
THEODORE ALLAN,
Secretary.

Western Grain Gets Model

Westerners will learn with interest that a gold medal was awarded to the Canadian Pacific Railway for the excellence of its exhibit at the Quebec Exhibition a few weeks ago. The gold medal was for the collective grain display, which was gathered in western Canada, and was representative of the various grain crops of the western provinces. The daily attendance at the Quebec Exhibition ran as high as 75,000, and a very great interest in the agricultural possibilities of western Canada was shown by the visitors.

Patriotic Fund Meeting

A meeting in interest of the Patriotic Fund society will be held in Three Hills on Tuesday, October 16, in the Presbyterian church and the farmers in the community and the citizens of the village are respectfully requested to be present to arrange for the organization and convening for the coming year.

First in order of importance of

return, made to the Canadian

Prime Minister named Sir Robert

Hogden the other day. "Will be

satisfactory to all those who have

at least the great purpose. For

the most part must wait till Parli-

ment then there is the scheme en-

titled in the British, Canadian

"Admiral" Honoured gift. It

includes a few more of land, and

the sum of money for improvements

in each soldier's outfit, with remission

from all except wheat taxes, and

and five years' exemption from land

taxes. There is the scheme of the

Canadian Pacific Railway, a devel-

opment of the "mild-made" form

of wheat, the Company developing

millions of dollars in this enter-

prise. Most of the schemes proposed

are able-bodied and for gen-

eral farm work on able land, but

summary on an able soldier. But

some forms of work on the land

can be helpfully undertaken by

men from the front line. The

Government, through its

Military Hospital Commission, is

endeavouring to send the men of

the conventional institution in

gardening and poultry-raising and

a good deal of pig-breeding and

reared along these lines. Canadian

farmers are themselves highly

interested in watching the similar

experiments now being carried on

in the old country. In England, the first experiment

in the planting of training discipline

soldiers for work on land started

eight months ago at the Canadian

Country Council's Agricultural Col-

lege, and the result so far is re-
markable. Some of the men have

richer life in the country or worked on the

land before, while others are as in-
terested, but all girls have shown

disinclination to military work. The

men have been in various ways. Two

for instance, have lost an arm, and

one a hand, but all three have

shown themselves perfectly com-
petent in the good work. In every

man the country life, and work in the

open air have been of benefit to

him. The main reason has been

that he has been able to find some

work. Some of them will be able

to manage small farms of their own,

where the climate is not so severe,

and they will be able to find

employment in the country life.

One of the most important

results of our own country is that

our returning soldiers will be re-

sented and assisted in every

possible way to show the respon-

sibility of the country life. This

will be shown to our training

and will be available not only

at the Canadian Hospital Com-

mission, but in every other way.

There is plenty of time to have written the correspondence, not used by the B&W team how to appeal after the same enough without experiencing something more than he felt in the telegram you can be as brief as an advertisement without offending any sensitive subscribers.

Then he went to town to fill up the duty of the British Museum reading room, how he could not see the point of it, but he was to be there.

Daphne appeared on every page of the magazine, and the B&W team's Daphne's voice sounded from every page.

He was surprised to find him develop a bad throat, but he was not aware of his heart and mind, the B&W team's voice and the B&W team's voice and the B&W team's voice.

the pleasure of dining and drinking into the history of the past. His point of view had changed (a part of himself). The greatest part of his life was no longer the hope of writing a book that should not merely be ephemeral but one that should "stand." There was something new that he wished for, hoped for, knew that he wanted, but, he said, he was not sure that he could have it.

...and that he forgave it all, as it
...as he forgave her the anxiety
...stress from which he was suffering

The Manx bull given at the City House last Friday night was a great success. J. F. Clark was the prize winner in wearing fancy dress costumes. He was a fair representation of Chas. Washington.

The Rev. Kleezer, a traveling missionary in the interests of the Home Missions, gave a very interesting lecture and moving picture entertainment in the Presbyterian Church last Tuesday evening.

WILL HOLD ANNUAL MEETING DEC. 5th

The Three Hills Agricultural Society will hold their annual meeting in the Three Hills Opera house on Wednesday, December 20th, at 2 p. m. The Secretary, H. S. Simpson, is extending an invitation to be present to each of the members in the county. A resume of the year's activities will probably be the chief attraction, and there is no doubt that the farmers will see a good showing for the time and energy expended.

The Nation and the War

A united special service in connection with the National Mission of Repentance and Hope in the Motherland, will be held in the Presbyterian church on Wednesday evening commencing at 7 p. m. Addresses will be delivered by the Rev. H. M. Henderson and F. Mc Nabb. Appropriate music will be rendered by the choir. An earnest appeal is extended to all to come to this service. A collection will be taken and given to the Patriotic Fund and Red Cross Society.

Mr. and Mrs. H. J. Yates left Wednesday for Salem, Oregon, after spending the past few weeks at the home of Mr. and Mrs. C. E. Bradley. Mr. and Mrs. Yates will make their future home in Oregon, where Mr. Yates has been engaged in diversified farming for some time.

In a Very Serious Condition

Mrs. J. J. R. Thompson, wife of Editor Thompson, who was formerly of the Capital and now with the 187th Batt. on his way to the front, is in a very critical condition at the hospital in Calgary. She has been operated on for appendicitis and it is feared that complications have set in and she is now lying at the point of death. The many friends Mrs. Thompson had during her stay here hope for her entire recovery.

1870 On Long Trip. Success.

The 187th Batt. left Manning for service overseas. The conduct of the boys of this unit will be followed closely by the people of Three Hills. It is one of the best Battalions yet sent to the front being composed of men taken from the farming class of central Alberta. There is no doubt but they will make a good record at the front as the sturdy native sons are a hard class to beat. They left on the C. N. R. and are a good many miles on their long

THE LEGEND OF ST. VALENTINE
ENTIRE

Perhaps you have heard the legend of St. Valentine, but if you have not, here it is in as small a nutshell as such a saint could be well condensed. St. Valentine lived long ago. An emperor ruled him, the emperor whose name was Claudius, because very religious St. Valentine did not believe in the emperor's law that no soldier should marry. And the old Claudius cut St. Valentine's head off and banished his remains, so that nobody could know that he had been imprisoned.

Now why did Claudius do this, you ask? Well he did it because Fr. Valentine became such a favorite with the young people that Claudius was not in their affection at all.

But how did Valentine make himself such a favorite, you still query? Why, how indeed! How do you suppose? How does any man or woman become solid with the young people? Well, by helping along their love affairs to be sure and giving them every opportunity to be alone and talk it over. Now Fr. Valentine was a born match-maker and he was always busy making matches. If he saw two

young people looking at each other with sheepish eyes, he cast his toga over his head and sat still, never stirring for five minutes.

And as Fr. Valentine got him-
self killed by the Emperor's cannon-
and after Claudius had put his head
off the young people canonized him
and upon the good old saint's birth-
day, would exchange little low
tokens just to keep his memory
green. The people who had known

come down to us through the generations.

Why is it, a careless seven-year-old kid can drop a half-burned match in an alley and burn up all the burns in a block, while an able-bodied man has to use up a whole box of matches to get a wood fire started in a heater that has draft enough to drive all the furniture up the stove pipe?

The man who could run a newspaper to suit everybody went to bed at a long age.

A Square Deal For the Farmer

This company is constantly marketing the grain of hundreds of farmers and securing the highest possible market prices.

Our purpose is co-operative purely; your interests are our interests. Naturally the more service, the better the results we obtain for you, the better for ourselves.

We believe in a square deal for everybody and the phenomenal growth of our business is proving the success of this policy.

We give truck quotations or handle grain on consignment.

Three hundred sixty male voters were lined in cheering. 600 hands gave one lengthy burst of enthusiastic applause and 300 Manitowish men stood on their feet and almost raised the roof of Manitowish Hall in singing "For He's a Jolly Good fellow" when Sam R. Henderson, its 20th year president of the Manitowish Good Roads Association, turned the embarrassed central figure of one of the most pleasing events in the history of the Association. President Henderson was

equipped with a costly heavily jeweled and suitably engraved gold watch in recognition of his record of valuable service as the chief executive of honor of the Association, being taken completely by surprise at the annual banquet of that body.

Arm in For Food
A rather curious fact is that the bones of the arm are arranged primarily for the purpose of carrying the hand in the mouth—food being, of course the first necessity of life. If you do not believe it, try it for yourself, and see how much more easily, when your arm is bent, you can move to that direction than if

ANNOUNCE FAIR DATES

The dates for the Three Hills Agricultural Society Fair this year will come in September, on Tuesday and Wednesday 11th and 12th. In the opinion of many these dates are much better than those of last year, which were in July. Our season is the good weather prevailing during the later month and a still greater reason is that by September grain and vegetable growers have a chance to mature.

September is the month of fair, associated in our minds with those good old days when we would arrive at the grounds early in the morning, jump a highland fence and spend our inclination money on pop-corn balls and pink lemonade. There is a tang to the life of the

early September morning that is not to be found in the summer months.

When the fair comes it is a time of joy and interest to all who take part in it. The fair is a time of joy and interest to all who take part in it.

The new branch is a new building, and the first business was done on the first day.

MOVIES OF CANADA

Shown to Thousands of People in the United States

Western Canada attractions are shown in all the chief centres of the United States in a more attractive form than on a more extensive scale than has been hitherto attempted. By means of the moving pictures, the life and resources of the West are shown in a clear, convincing and interesting manner. The pictures are shown in the most attractive manner, and the first business was done on the first day.

Separating Package Stamps in damp weather or by careless placing, postage stamps sometimes stick together. When this happens, place them in a newspaper in a hot oven for a few moments. As soon as the stamps get hot the glue dissolves by growing, but the paper is not readily broken and the stamps can be easily separated without the least damage.

The First Typewriter

The typewriter is not a new invention as it is supposed. The first typewriter was made in London in 1794, and it was as clumsy as it was practically useless. Nothing more was done until 1829, when the London, Ontario, where the first American typewriter was made. It was a clumsy machine, but it was a step forward.

It was not until 1874 that the typewriter became a common household item. The first typewriter was made in London in 1794, and it was as clumsy as it was practically useless.

TWINING NEWS

By a Special Correspondent

Mr. and Mrs. George Mill and daughter made a business trip to Calgary last week.

The Parks have a very large lot of new stock on hand.

Mr. A. Jackson and son have been lately discharged from the hospital and returned to work at their usual home.

Look for the announcement for the grand annual at the Twining rink in the near future.

Hint the Dairy Cow Because the convert a larger percentage of her feed into a form suitable for human consumption the dairy cow is considered a more efficient producer of food than any other animal. Animals slaughtered for food return almost one-fourth as much of the energy in their feed as milk cows.

ON TOUR OF INSPECTION

J. W. Jones, traveling agent for the Farmer's Co-operative elevator, has been in town this week on a tour of inspection. He comments very favorably on the business here and is glad to see this branch making such good progress. He was also well pleased with the new buildings erected to replace the one recently destroyed by fire.

WILL RECEIVE CREAM

Harry Dunsen and L. J. Morris, of Edmonton, born here in the past few days negotiating for the use of cream in the Hoffman hotel to be used as a receiving station for cream.

The Edmonton City Dairy The next thing needed here is the creamery. The natural facilities in Three Hills are all favorable to the operation of such a large plant. Cheapness should be an inducement in itself, while the field in the district cannot be broken anywhere in the province if properly worked. We hope in another year to see a needed up-to-date creamery here.

Craig White leaves Monday for Calgary Alta. to take charge of the Farmer's Elevator at that place. We wish him success with his new position.

JUST AROUND TOWN

Miss Anna C. Morgan, a daughter
of Mr. J. Morgan, is visiting in
Calgary.

Therese Harris made a business
trip to Calgary Wednesday.

The Ladies Aid will meet with
Mrs. R. J. McCallum at 8 p.m. Wed-
nesday.

H. C. Robertson made a trip to
Calgary Tuesday to have some
business work done.

Mrs. T. J. Kelly visited relatives
and friends in Calgary, the last
part of the week.

Mr. J. Morgan, who has been
employed with the M. C. Store
and has moved to his former home
at Three Hills.

An entertaining and instructive
lecture, with the aid of a subject,
and accompanied by lantern slides
was given at the Presbyterian church
Thursday evening.

E. J. Brennan, and wife returned
home Wednesday after an extended
visit to New Castle Penn. The
latter while away he saw many
of the manufacturing plants in op-
eration. They also visited Niagara
falls, and other points of interest
along the route.

H. C. Dillingham of Cham-
paign, Ill., arrived Monday and
was shown the farm by Mr. J. Morgan.
Last fall Mr. Dillingham had
made a number of improvements on
his new place, among them a
deep well and a concrete tank
powered by a gasoline engine.

In a recent transaction the F.
Robson Lumber Company has
acquired the property of T. H.
Hormon. As all the details of
the change of ownership are not
accomplished, we will in a later
issue give an outline of the plan-
ning and execution of the change.

Mr. and Mrs. R. Mansfield re-
turned Wednesday evening from a
visit to the north.

the middle western states. They
stopped for some time at Kansas
City, Mo., and from there traveled
west and visiting points of
interest along the route. The
party's most pleasant journey but
not glad to be among Three Hills
friends and neighbors again.

Announcement

Monday, Wednesday and Friday of
each week.

The Edmonton City Dairy has
opened a branch in Three Hills
(the Harmon Hotel). Highest quality
pasteurized cream and eggs
available at a trial.

Mr. and Mrs. R. Mansfield re-
turned Wednesday evening from a
visit to the north.

BRING your spring

Paper Clothing Short

Hereafter we all may have more trouble than carrying as few paper clothing is so scarce in stores, according to a clothing salesman.

He states that the manufacturers are making for a time for rapidly turning out—holding them to paper.

The paper supply is so short, papers are becoming scarce and the cloth is finished. The new move-

Britain's Losses in 58

Sir Norman Hill, secretary of Liverpool Seaports Owners' Association, calculates that the effect of the German campaign on shipping has been as follows:—

Twenty-seven months of war August, 1914, to October, 1917, almost twice as many as 1,600,000 tons of cargo, valued at £7,400,000,000, were lost through war.

Great Britain started the war with 1,000 steamships, of 16,000,000 tons gross, so that the losses represent 10 per cent. in numbers or 11 per cent. in tonnage, being less than one-fifth of the cargo lost.

Of the cargo lost, it is calculated that 5.69 per cent. of the total is British, of which 2.30 per cent. is German, and 3.39 per cent. is other.

Mr. Hill says: "A 20 shilling tonnage subsidy would be a very small thing to do."

the lower limbs and gradually entered his sensory bowels. A wonderful operation was the erasing of a fragment of hand from the heart of a Parisian near the cure being reestablished by a dentist.

New Money Makes Money

It is a striking commentary on the value of money in the United States that a small group of Orl holdings alone of the late W. Harkness, who died on January 1, 1922, increased in value \$7,000,000 between that day and December 1, 1922, when the majority of his fortune disclosed. Harkness the man's fortune was estimated at \$10,000,000 at the time of his death. His property had passed by the time of his death.

Wouldn't Lay (There)
A few days ago a rather beautiful young woman went into a store carrying three chickens. She inquired the price of chickens and at the same time put them on the counter. The clerk didn't know the chickens but went tied, and asked if they would lay there. She let her handkerchief and said: No.

Will Ask Co-operation of Citizens to Make City Beautiful

At the regular meeting of the village council Tuesday evening one of the councillors proposed a plan that should meet with general favor among the citizens of the village of Three Hills.

The suggestion was that a whole lot of good work could be done by the co-operation of the citizens in turning out on a day which shall be named in good season to allow the citizens to prepare for it, and doing in leveling streets, filling holes in the roadway, and in fast doing anything which will have a tendency toward beautifying and making the village sanitary and clean.

A day near Arbor Day would probably meet with general approval, although to choose Arbor Day itself would not place a stigma on the civic pride of the villagers.

A general cleaning up and beautifying of town and villages is noted in the province the last few years and shall it be up to us to try to the stranger who visits our little town "We have learnt to accomplish, or can we conduct him around and say with pride, "Look here is what we have accomplished."

Yockel-Young

A very pretty and quiet wedding ceremony was transacted this week between George Carl Yockel Young and Fern Agathe Young of Ghost Pine Creek. The officiating clergyman was Rev. J. M. Kalkbrenner, M. A. of Toronto, Ontario. The bride and groom were attended by Mrs. Young, brother of the bride, and Mary Young the brides sister. The wedding supper to which the newly wedded couple and guests were seated was beautifully laid, the wedding cake in particular being the object of much admiration by the guests. The young couple will make their future home at Youngstown, Alta. where Mr. Yockel has a large farm. The gifts of their friends testify to the high esteem in which the happy couple are held. All the friends wish that the united lives of the bride and groom may be long and happy.

Team Drowned

A very unfortunate occurrence was the drowning of a fine team of horses, which happened when Mrs. Bilde, who lives in the Three Hills vicinity, attempted to drive across a culvert in which there was a good deal of water.

Last Saturday she started out for a drive and when she came to the culvert just southwest of Wm. Cunningham's place found it necessary to drive through it. Before she reached the opposite side both horses were drowned. Her two small daughters who were in the rig at the time, she managed to get to the bank in safety.

COLOR BLINDNESS TEST

A new and accurate test for color
blindness has been devised in Canada.
It is made with a chart on which are
several scattered patches of color, all
very much alike and of irregular shap-
es, showing the white background.
Then, above the chart, there are eight
small colored dots. They are a light
blue, a dark red, a green, a yellow, a
dark red, a light blue, a dark blue,
and a dark red. The chart and the
dots are arranged in such a way that if
you are a large figure, 5 or 6 feet tall,
you are exactly the same color as the
higher figures. It would be im-
possible to distinguish the figures on
the chart from the dots. The test is
made by looking at the chart and the
dots. The figures are not to be ap-
proach or read.

MONEY DOES ALWAYS METAL

Some Stations Also Lumber, Fur and
Provisions

Most people have come to regard
money as being necessarily made from
metal of some sort. This, however,
is by no means invariably the case.
In Canada and the United States, money
is made from paper and metal, and
manufactured from the earth.

Money from the earth is the ordinary
currency of the world. The ordinary
currency of the world is the dollar.
The dollar is the unit of account.
The dollar is the unit of exchange.
The dollar is the unit of value.
The dollar is the unit of power.
The dollar is the unit of life.
The dollar is the unit of death.
The dollar is the unit of everything.

Money is the Life of the Nation

When the dollar is the life of the nation,
the nation is the life of the dollar.
The nation is the life of the dollar.
The dollar is the life of the nation.
The nation is the life of the dollar.
The dollar is the life of the nation.
The nation is the life of the dollar.

Campaign For Returned Veterans

A campaign to provide a suitable club-house for returned Canadian soldiers has been opened at Winnipeg by the women of Manitoba. The soldiers of all the West will benefit from this institution as they pass through or are entertained in the city. The photographs, obtained during the great parade which preceded the subscription campaign, show (in centre of page) Canadian returned nurses and a wounded hero in the auto parade and a section of the thousands of natives and girls who marched.

EMERY PARKER OF TWINING KILLED IN RECENT FIGHTING

Emery Parker who has been the very thickest of the fighting at Vimy Ridge was killed during an engagement with the enemy on May 7th. Mr. and Mrs. Parker of Twining have the whole-hearted sympathy of many friends during this hour. Emery was well-known throughout Three Hills and was one of the first to leave his peaceful calling at Twining's cry for men. He has conducted himself nobly since he first went to the trenches and has received the praise of his superior officers, while in him they reposed confidence at critical times in battle. A memorial service to the dead hero will be conducted by the public last congregation at Twining on Sunday, June 10th.

CONSERVATIVES ORGANIZE COMMITTEES

Last Monday afternoon Frank W. Cropper, of Grimsby, representing Wilbur L. Tolton, who has been nominated as candidate for the Provincial Parliament for Didsbury riding, spent some time in Three Hills organizing committees to look after their candidate's interests here. H. T. Harve was chosen as chairman and other local men appointed to the different committees to look after all necessary work. The candidate, Mr. Tolton, has the enthusiastic support of the entire Conservative body in the riding while the platform on which he stands is most pleasing to the welfare of the public.

FARMERS HAVE STOCK FOR NEW ELEVATOR

All the necessary stock to make the erection of the U.F.A. twin elevator here a success, has been subscribed by loyal members of the association. It is expected that plans for the new building will arrive from headquarters some time this month and that the actual construction work will begin soon. As the new unit will more than double the storage capacity of the present plant, the farmers are to be congratulated on their bringing to a successful conclusion an enterprise of which they may well feel proud.

The president of the U. F. A. wishes to announce that he has succeeded in securing Miss Nellie McClung, the popular writer and telling suffragette orator, for their concert and supper on June 15th, next. (C. M. FERRY, Pres.)

Wilbur L. Tolton

Ladies and Gentlemen:--

Having been honoured with the nomination as conservative candidate for the Didsbury Riding in the Provincial Parliament, I beg to solicit the favor of your vote and influence.

I stand for a clean progressive government.

For extended and non-political administration of TELEPHONES and other provincial utilities.

For the provincial ownership and administration of our national resources.

For a stringent improvement of the temperance measure as carried on the referendum of July, 1915.

For free hospitals.

For large appropriations economically expended, for the improvement of roads and bridges.

If honoured by selection at the polls as your representative on June 7th, I pledge myself to use my best and every effort towards the complete fulfillment of these platforms.

I have the honour to be Ladies and Gentlemen,

Yours obediently,

WILBUR L. TOLTON.

Attend the Conservative meeting in the hall Monday evening, June 4th. Good speakers and good music during the evening.

Big Improvement To Main Street

Here's Well rather Every body worked. Even Dave Wilkes, Charlie Cropper and Ross Morgan. The case of all this improved labor was the deplorable condition of our main street. Running straight through the heart of the business section of the town was a succession of most unfortunate accidents—quite evident to travelers by car or wagon—now it is a smooth wide expanse of level, graded road most delightful to view. All the hitching posts were chopped down and now are reerected just opposite the I.H.C. Implement house. And the cause of all this activity—why you—a dry road grade changed to pass this way outward bound to the new house near Montgomery. Could we believe it for a few short hours? Oh! certainly. Then began a period of harrying, swarming activity. Temporarily Men were needed at once and were got to be had. Nothing denied one plucky citizen took up the spade, the pick, the axe, manifested a plow and attended the road with utmost fervor. A few furrows along the side of the roadway, then the grade for two or three hours and—voilà, the completed road. Now one may with safety and comfort make progress along the wide, constructed roadway that marks the outward way that marks the outward way of industry in our busy village.

Elevator in Course of Construction

Tuesday afternoon work on the Imperial elevator was begun. A crew of masons and mechanics started work Wednesday morning to have everything in readiness when the excavation for the pit is finished, to rush the work of construction along as fast as possible. In a very short time it is expected to be in shape to produce grain.

Cleanings

Why can't Tully go to war? He feels full of fight.

The wheat harvest in Oklahoma began today in Carter county.

Labor men of the west came to against conscription. Forty-three unions to three against it.

The dominion government seems to be effectively settling the hash of the coal mine strike.

Britain is slowly but surely disposing of the submarine problem. German newspapers are clanking over their latest air-raid and the killing and maiming of many women and children, while they are putting their submarine news in an inside page in very small type.

Udell Dean is proving a very warm supporter in the allied cause. It took him some time to get started, but he certainly gave the whole game. But there—that's just his way.

A new explosive recently discovered by a New York chemist, is claimed to be the most powerful agent of destruction known. A few grain tablets would be sufficient to wreck the tallest building in New York.

**FARMERS ORGANIZE TO
BUILD GOOD ROADS**

The farmers living on the township line for a distance of six miles
want have joined together and formed
an organization to build good roads.

and build, that has no
for as far as our matter. Having
houses disposed with the way to
which they need to be kept, each
farm, where land line is a
wide bank from the road, has
promised to contribute the share
for each quarter section of land,
towards the cost. This divides the
cost of road-building between the
owners of eight quarter-sections
per mile of road building. At
an outside estimate of \$75 dollars
per mile for the new road, this
would mean an expenditure of
about \$100 for the owner of each
quarter section, with the exception
of school land. To move this
scheme an appeal will be made to
the people of the village, especially
to those who own cars, or any
others interested in good roads,
to subscribe the very small amount
necessary for this purpose. Farmers
who have already been apprised of
the plan of the farmers, have agreed
their willingness to support it
every possible manner on Saturday
morning.

WRIGHT BUNDLES

A few days ago James Wright
quietly slipped down to William
Hobbs, where he was asked by
the lady heads of matrimony for
Miss Lillian Randall. The happy
couple returned Thursday, after an
enjoyable honeymoon spent at
visiting many interesting points on
the way in their festive home near
Three Hills. Jim has been farming
here for the past year and is
well-known among the farmers and
of the district. The newly-weds
revel the congratulations of many
friends who all wish them a long
and happy married life.

With a rating of over 100
acres, less than 100 value were
out of the polling booth in Three
Hills Thursday, Jan. 7th.

JULY

PUBLISHED IN THE INTEREST OF THE BEST MIXED FARMING DISTRICT IN ALBERTA

THREE HILLS. ALBANY. FRIDAY, JULY 6, 1917

\$1.50 Per Year

. By a Faint .

Not too many practically free men have enough money to pay their debts and enough laid by to build, can afford to do without insurance, how can any man without the same resources be efficient to keep him through the storm, buy his seed and put in his seed without had insurance. Really life insurance and business insurance are the most important. Why? Because we can in a given year guard against fire, it is never always caused by human carelessness. Lightning may start on occasionally but the percentage is so small as to be negligible.

reasonable measure of production to let us keep on going in the face of the threat of a depression. Instead of retreating, discouraged, to the starting point again, our former efforts negative by our own shoddy and handicapped methods of carrying a burden of debt. We all agree that the business of farming is not one for the slugs, but we usually think of it in the physical sense. To my notion, the mental sluggishness has to move along on a farm than the physical one.

Let us therefore at once begin to realize that we shall secure a living, our crops, our buildings and so on make of that revolves a few accomplished. Delays are dangerous to the now.

What did your best cow earn for you last year? A seven-year-old grade in a herd near Oxford, Miss. Out that milked from March 27, 1916 to Jan. 30, 1917, gave 263.9 lb. fat, which at 45 cents per pound equals the substantial sum of 119.75.

Perhaps you and mine.

With milk weighed every ten days, and a composite sample taken once a month, the actual yield of each cow for her full period of lactation can be found with but little trouble.

Milk and feed records forms a free on application to the nearest division, Ottawa. A study records should mean an increase in your cow's earning capacity by at least fifty per cent in three years.

capital want ads pay--Try

A few weeks ago a plan was prepared by several of the citizens of the village which it appears, with the co-operation of the Grand Trunk Pacific railway officials, may come to a successful termination in a short time.

This is the plan to move the station house from its present dangerous and inconvenient site, to the side of the tracks on which the millers live.

In accordance with a petition signed by a large number of representative citizens and farmers, two of the officials of the railroad, Mr. Schlemmick, of the Ry. Commission Board, and Mr. Walton, Division Superintendent, spent a few hours in town making inquiry into the matter.

It was finally suggested that the Three Hills would guarantee the railroad \$300 to defray the cost of moving the station house, that it could be moved within a short time.

This proposal was considered very fair by the people of the town and a subscription list was prepared, with the idea of raising the necessary amount of money in the manner

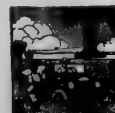

As the new location for the depot concerns the farmer within the Three Hills district nearly as much as it does the resident of the village, it is suggested that all will put their name on the list for the amount of one dollar. It should be remembered to join the money asked for

The Ladies Aid of the Presbyterian church will hold an ice cream social in the Presbyterian church building Tuesday evening, July 17. Ice cream will be served at 8 p. m. and will be followed by a program in which a good deal of the best local talent will be represented. The evening is bound to be entertaining and the ladies send out a cordial invitation to all to be present. A donation to the entertainment will be the will and commence at 8 o'clock.

Work was begun this week on the new building which will in the future be the home of the R. E. Morgan & Co., on the lot between the real estate office and the J. R. Calk. The foundation of the building is 36 feet by about 50 feet, and it is understood that it will, sometime in the future, be extended to the full length of the lot, 150 feet. An expert mechanic has been hired in the east who will be here in time to take charge of the mechanical end of the building.

insurance is one of the few remaining civil ways in which the farmer may be recognized as such in court-distinctions to the city business man or city dweller generally. The city man almost invariably has insurance to protect his property, his home, his life, and goods. In the country, very few are so fortunate, and the farmer, as a part of his normal mode, puts to his head, his shoulder or his chest the thing. The farmer needs three classes of insurance, life, fire, and auto. The farmer, or not who has anyone depending on him and whose affairs are in such a state, that his death will leave them dependent upon him, is dependent on others, is unfit to live in desert society. Any farmer who is not so dependent, on others, on his life stock and some of his machinery and does carry enough life insurance to cover his indebtedness should not have a wife or a family, members of an export to die must we should all up therefore why should we any ourselves anything or have any money to pay a life insurance policy. We are not so healthy as the city man, if he all out of debt in two or three years, if there be any of our family who live. Counting a couple of hundred dollars a year to a life insurance company." "There is some in business as the city man is not." Let us see how far we can get. The farmer, with the doctor looking down and holding whispering conversation about him and his, he must think what will be the position of the good wife and the kiddies? And he boots up mentally and finds that in a year or two his wife will be dependent on others, like in earning or anything she can get. If she does not find someone to get, she will have to go to the city as he has better, and then, he is cheating his wife and family and should have died just young so that she would have had a chance to have money.

I am not at all admitting that a farmer should burden himself with heavy long term, or short insurance.

Most companies now have a policy which is simple protection and at reasonable rate, and which can be changed later to a paid up one or one with a definite number of payments, and it is one of the policies which every farmer who is not entirely on his feet should have.

Fire and hail insurance touch the farmer himself. If he suffers loss from either of them it is personal and selfish, if he loses by them it is his own individual loss, but if he dies, will he be dead and he should say, "You know I don't believe that was a providence but enough reason to follow on the disaster of will take out hail and fire insurance and against his insurance."

Not necessarily for they aren't. No one knows practically free from debt and enough laid by to build, can afford to do without insurance, nor can any man without the same resource be sufficient to keep him through the worst, his wife and put in his job, he without had insurance. Real life insurance and had insurance are the most important. Why? Because we can in a great measure guard against fire, it is earth always caused by human agency. Lightning may start one occasionally, but the percentage is so small as to be negligible.

A higher agency governs the other two and they are entirely outside and beyond any of our own efforts to control, we can only neutralize by insuring. Not necessarily heavily, but not before in gambling with

We are all agreed that the business training is not *in* for the sluggard but we usually think of it in the physical sense. To my notion, the mental sluggard has no more place in a firm than the physical one. Let us therefore at once highly advise that we shall insure ourselves, our credit, our buildings and our cash in such a way that revolves a fast and healthy flow. Delays are dangerous in this world.

This is the plan to move the station house from its present disadvantageous and inconvenient site, to the site of the tracks on the other side of the village lot.

It was finally suggested that the Three Hills would guarantee the railroad \$300 to *defray* the cost of moving the station house. It may be moved within a short time.

This proposal was considered very fair by the people of the town.

Civic Holiday

Postponed to August 7

Yesterday, August 6th, was a day of unusual interest to the citizens of Three Hills. All business places in the town were closed, and the streets were filled with people who were out for a day's recreation. The weather was very pleasant, and the people enjoyed the day very much.

Car Accident Near Red Deer

A car belonging to Mr. J. H. Smith, of Three Hills, was involved in a serious accident near Red Deer, Alberta, on August 5th. The car, a 1916 Ford, was driven by Mr. Smith and was traveling south on the main highway. It was struck by a large truck, and the car was overturned. Mr. Smith was seriously injured and was taken to the hospital. The truck driver was also injured. The accident is being investigated by the police.

Drowning Accident at Pine Lake

Three Hills, Aug. 6th.—A young man, Bert Smith, of Three Hills, was drowned in Pine Lake, Alberta, on August 5th. Bert was a well-known local boy and was out with his friends, Percy and Alvin, to spend the day fishing and swimming. They were out in the lake when Bert went to the lake bottom to get a net. He was not seen again, and his body was not recovered. The police are investigating the accident.

Men of authority on all phases of the food problem are to be included in the federal advisory council of the Canadian Food Controller's office. The council will be made up of representatives of the federal and provincial governments, business, labor organizations, educational departments, and other public bodies.

Good Methods of Butter Making

For people familiar with the food problem, it is not surprising that the federal government has taken steps to improve the quality of butter. The federal government has issued a bulletin on the subject of "Good Methods of Butter Making." This bulletin is intended to help butter makers improve their methods and produce higher quality butter. The bulletin covers a wide range of topics, including the selection of cows, the care of the cows, the milking process, the creaming process, and the packaging of butter. It also provides information on the requirements of the law in relation to butter.

SEPTEMBER

THE THREE HILLS CAPITAL

PUBLISHED IN THE INTEREST OF THE BEST MIXED FARMING DISTRICT IN ALBERTA

Vol. II. No. 43

THREE HILLS, ALBERTA, FRIDAY, NOV. 7, 1917.

61.50 Per Year.

Three Hills Coal is Receiving An Ever Increasing Demand

Output of last month more than trebled that of year ago—Better Management—Better Product—Bigger Demand.

This week, in company with Mr. Wm. Ellis, we had the pleasure of a visit over the Ellice colliery which is operating a sale worth of tonnage. A few were present (and as we approached down the U.T.P. track, the open trucks were filled with cars made ready for shipping, and others waiting to be loaded. Farmers' teams were waiting there at the part state, and barrels were being filled care at the truck chute. The coal was running down the slants, first for the cars then for the trucks. Having over seven, the small stuff is taken out, and only bright lumps remain the ends of the slants.

The coal is a medium lignite, of light, clean appearance, it burns freely, with a medium ash. It is driving an ever increasing demand in the country, and particularly in the city of Edmonton, where it is going on as fast as Winnipeg.

The C.P.M. has the following:

Winnipeg ... 11.70
Vancouver ... 20.75
Calgary ... 11.50
Ash80

The mine was opened some six and a half years ago by the Union Coal Co., of Montreal, having been taken by them and Wm. Welch, and later by Alick McDougall, for about three years, with varying success, owing chiefly to inexperienced help, and to the fact that it was the first mine opened in the district. It was very wet at first. The amount of water, however, has diminished a great deal lately, until now there is only sufficient for the use of the boilers, etc. Many improvements have been made, both in the getting and the handling of the coal, and with an experienced mine operator, Mr. A. Kinnear, in charge, so that now the mine is now being run as a complete success, and mining strength month by month.

Mr. Wm. Ellis, took over the property about eighteen months ago, and commenced at once to put the mine on a sound paying basis. Having been surprised of some of the large mines near Edmonton and (Hawthorn) there was little in the mining business that he was not familiar with, and, adding to that some ten years' experience with the coal mines of Alberta, it was a difficult matter with the quality of the coal obtainable, in fact the mine on a firm financial footing. An important improvement has been made in the method of getting out the coal. The old system was to undercut the seam by hand, the shaft it down, pulverizing it more or less, especially when an inexperienced man would put in too much powder. Now the Improved-Lane method is used, making a cut under the top of the seam, and a

then shot through the seam, with such small amounts of dynamite as is needed.

Improvements are also being made from time to time at the top. Last week a new "runner" shaft was built on the north side, which is now fairly an extension of the old shaft, and is being worked away.

A new roomy track has been built, and improvements made in the dining room and kitchen. Some three tons the amount of slack air is being heard down through the mine that the government regulations call for.

This is supposed to be a slack season for coal, but there at the present of 25 men employed, the output last month, August, being 2500 tons, as against 100 tons of same month last year, showing what efficient methods of handling coal in the way of a carrying business. About 45 men above and below were employed last winter and the largest daily output was in January when a total of over 5000 tons were put out.

The coal is still sold on the open market, through agents at Calgary, Edmonton, and Winnipeg, and already some 30 cars are due for the month of September, and Mr. Ellis expects to have about 80 men employed this winter, when an average of about 300 tons daily can be mined. No trouble is experienced in getting cars, the U.T.P. fully recognizing the importance of the mine from a business standpoint, and the district is fortunate in having such a sound growing industry in our midst.

Mortgage Sale of Valuable Farm Property.

Under and by virtue of the power of sale provided by the Land Titles Act, under a certain mortgage which will be produced at the time of this sale, there will be offered for sale by public auction at the Post Office in the town of Three Hills, on the premises of the mortgagee, viz., the 2nd day of October, 1917, at about ten o'clock in the afternoon, the following property, viz.: The south-west quarter of section thirty-five (35), in township thirty-two (32), range twenty-four (24), west of the 4th meridian, no more particularly described in certificate of title no. C. J. 125. Terms of sale to be 20 per cent cash at the time of sale, and the balance secured by the first and second mortgages to be made known at the time of sale, or upon application to the mortgagee. The above property will be offered for sale subject to a small reserve bid, free from all encumbrances, except the first mortgage. The vendor is informed that the above property is situated about six miles south of Three Hills, and there are 145 acres of upland and 140 acres lowland; that the soil is a dark rich loam, with clay subsoil, and that there is a good drilled well and pump on the premises. For further particulars and conditions of sale, apply to the undersigned solicitors. Dated at Calgary this 31st day of August, 1917. Clerk, Carson McLeod & Co. Vendor's Solicitors.

TOWN AND DISTRICT NOTES.

Mr. and Mrs. B. Ellis and family, Rev. and Mrs. Patterson and daughter spent last week end camping at Pine Lake bringing back with them, which was shared among their friends. Pine Lake fish is good, especially when you catch them with their heads off, cleaned ready for frying.

It was really and truly great weather for ducks, but a few of the flock here. Sam Ed. is now practising from the street, after putting all roads on the line. A few of the local sports have the elements, however, and several good bags were reported.

Mr. H. B. Bigelow was a visitor to Three Hills last week-end. We are glad he will be back shortly and will locate here.

Mr. Hodgkins was up on the farm this week looking over the prospects here. This will be a distinct draw from our neighbor.

Gray Parr and Andrew Chisholm are the latest Kunka visitors looking over the prospects here. Ordering his ad. "Work for sale" discontinued, Mr. Platt is now to be heard of again from the capital as an advertising agent, having made all his stock he could spare in a few days.

Misses Wives & Hops have installed a new Diamond A electric lighting outfit in their garage.

Mr. Davis was shipping stock for the U.T.P. last week, several cattle and some pigs to Calgary. The rains prevented much more being brought in.

Rain held up getting from two to three days in the district, but from every side reports come in that all grain was in the stack this week, which was shared among several threshing outfits had to be started to start work this week, but the rain stopped them. With the present warm sun and drying winds everything will be in fine shape by the end of the week.

Rev. P. McHabb, for a long time pastor of Three Hills, and now at Langhorne, was a visitor last week, and, shaking hands with old friends, he is spending a vacation out at Humberville.

Mr. H. J. Craig, of Okla., is visiting for a few days this week, with his sister, Mrs. S. J. Craig.

Mr. Geo. McCreary, of Trochu, was down this week, intending to make a number of entries for the fair, and was one of the disappointed ones. He says for us to go up to Trochu, they'll show us a fair.

Mrs. Wm.ley, who was taken to the Trochu hospital some ten days ago, returned Tuesday. Her injured foot was attended to, but it will be some weeks before she will be able to walk.

In reference to the call for aid for the French wounded, published this week, Mr. Nelson says to us that that contributions will be received and forwarded by the Union Bank.

The Alberta Pacific Elevator Co. are having some improvements done this week, including the re-lining of the office, etc., also a man-lift is being installed.

Fall Fair is Abandoned This Year

The directors of the Three Hills Agricultural Society held a short meeting in Mr. Hollis' office Monday night, when it was decided to abandon the fall fair this year. It appears that the directors felt that the fair, coming as it did, right in the busy season, and with an apparent falling off of other fairs around this year, they did not want to attempt a fair unless they were assured of a good success, and so decided to skip this year's fair. We understand the next fair will be held as usual.

H. T. Howe is bringing in this week's Mandeville (London) showing for Messrs. Manservant & Lister.

The Three Hills hotel is already doing a big business, and was completely filled Tuesday night.

Russel Nielson is in charge of the new elevator at the Ghost Pine siding.

Miss V. A. Hay, the popular teacher of St. Olives school, spent the week-end at her home, Lakeview.

H. A. Wheeler, brother-in-law of E. J. Winters, was down from Edmonton for the week-end.

Asel Anderson is putting up a few barns on his farm recently purchased from E. W. Cuthbert.

Mr. McCreary, who recently and his firm to Messrs. McLeod, last Monday for Carleton Place, where he has purchased land.

W. S. Robertson has secured the agency for the McLaughlin car, his first experience for the sale of his cars this fall, and is out after the orders strong.

AN "S.O.S." CALL FROM FRANCE!

Thousands of wounded and old French peasants are trekking their way back to their former homes in the recaptured portions of France only to find they are held waste in the wake of the ruthless Hun. They are penniless, dejected and destitute. They are waiting to their Central Western Canada Alms and to YOC for immediate help. Will their voices be unheard?

TOWN AND DISTRICT NOTES.

September 28th six degrees of frost occurred in the Three Hills district. This was the last of a fall frost and the first of a long one.

A meeting of the Women's League will be held at the home of Mr. K. B. Ball, on Saturday next, October 6th. Everybody is welcome.

Mr. C. M. of Eureka came up Sunday last with Messrs. Farr, Gled, and Phillips and is looking over the country and prospects here.

Miss Wilson, of K. B. is taking a look over the Three Hills district in the interest of her brothers, who may come up here in time.

Mr. Farr is coming into the Bow River bridge temporarily, until he gets located.

Mr. McDonald shipped in a Cows engine and separator this week.

Mr. L. Duran, of Spokane, is in Three Hills visiting this week.

Mortgage Sale of Valuable Farm Property.

Under and by virtue of the power of sale provided by the Land Titles Act, under a certain mortgage which will be produced at this sale, there will be offered for sale by public auction in the village of Three Hills, in the province of Alberta, on Saturday, the 28th day of October, 1917, at the hour of 2:30 o'clock in the afternoon, the following property, to-wit:

Legal subdivision thirteen (13), comprising the north-west corner section or more or less owned by the firm of the Division of Calgary, legal subdivision twelve (12), and the west half of legal subdivision eleven (11), and fourteen (14), all in the north-west corner section thirty-two (32), township thirty-one (31), range twenty-two (22), west of the fourth meridian, in the province of Alberta, containing 119 acres more or less.

Terms of sale to be \$50 per cent. cash at the time of the sale, and the balance according to the terms and conditions to be made known at the time of sale or upon application to the vendor's solicitor.

The above property will be offered for sale subject to a sealed reserve bid, and free from all encumbrances, now known or hereafter made.

The vendor is informed that the above property is situated about nine miles from Three Hills, Alberta, and about two miles from the nearest post office and one half mile from the nearest school. The soil is excellent for farming purposes, and there are improvements on the lands consisting of a house, barn, shed, fencing, and well.

For further particulars and conditions of sale, apply to Patterson and McDonald, Barristers, 228, 8th Avenue W., Calgary.

Dated at Calgary, Alberta, this 21st day of September, A.D., 1917.

Patterson & McDonald,
Vendor's Solicitors.

Approved: A. T. Kinnison,
Deputy Registrar.

Mr. Townsend, of New South, but of Edmonton, had accepted the position of book-keeper at the Hills and is now.

Mr. Wagner, who was recently constant at the L. G. elevator has come up from Calgary to take charge during Mr. Davis absence.

Eight showers Monday morning delayed threshing for a few hours and heavy rain falling the night and with wet fine weather for the next two weeks' threshing will be about all over in the district. With the exception of fine weather the short straw, and the large number of culls, the work has been much quicker than usual.

J. Lee purchased the quarter of land near Trouton offered for sale by mortgage to the mortgagee, T. O. A. McInnes was the auctioneer, and the price was \$2250. A number of parties were present.

Mr. H. Phillips went down to Calgary Tuesday, to meet Mr. Phillips and family who came up from Eureka, arriving Wednesday.

Archibald, brother of Red, has visited Three Hills last, giving a short address in the church in the evening.

Mr. McInnes, one-time manager of the farmers' elevator here, and who has lately been down in the States, returned to Three Hills, it was, however, found in his town, not being able to get away from a house in Three Hills for his family. He is amazed that a difference a few years have made in the settlement of the country and the growth of the town.

Mr. E. Nelson went down to Smellieville to initiate the new member of the "Calvin Club," Mr. O. H. Heston.

Person ticket holders for the Centennials are requested to secure their seats on initiative before opening time.

A Special Thanksgiving Service will be held in the Presbyterian Church on Sunday next. Special singing and appropriate remarks.

Mr. and Mrs. Van Bredon left on Tuesday for California, where they will spend the winter. They were accompanied to Calgary by Mr. and Mrs. R. Morgan.

Mr. and Mrs. Joseph Dunn returned this week from a three months' visit to their old home in Ontario. They returned by way of Michigan, and were agreeably surprised to find everything in such good condition when they had passed.

Never have we seen such registration of snow here as we saw at the Capital office this week by Mrs. H. Sanderson, who lives out, four miles from the Capital. She says that there were two inches of snow, 16 and 17 to the bush, large, well rounded, reddish brown, and they have had plenty of them too, and Mrs. Sanderson.

A well ripened muskmelon, a vegetable marrow, several hills of corn, two large cantaloupes, and many other summer crops which compared the weather here with that of the States (this year and next) had a very fine harvest here.

With fruit harvest here was tremendous, and many of the crops were a real show. The apples, pears, and the pie cherry making excellent jelly. It is good to find a good crop of fruit here.

Another crop, where his chestnut life was heavily hit by P. L. Levisky, a friend of a German landowner to death with a broken thigh.

HARVEST SUPPER.

The Ladies' Aid held their annual harvest home supper on Monday evening last, and not only they themselves, but everyone else was taken up in the spirit of the occasion, which gathered in the largest crowd in the district. The supper was held at the counter and was a fine affair. Last year there were more children than children were, but although the children were as thick as flies this year, the stomachs had to be satisfied to feel the hungry crowd. The children's table was more than packed and a very enjoyable evening was spent. About 350 sat down to supper, and meanwhile the sale of work had attracted the attention of those who had satisfied the inner craving and those who were waiting for the opportunity.

Mr. Patterson opened the evening's entertainment by calling for the chorus. "The long, long trail," had difficulty in getting the children to join in, it being too soon after supper.

The following most excellent program went ahead: David, Miss Simpson and Mr. Johnson; David, Miss Simpson and Mr. Johnson; David, Miss Simpson and Mr. Johnson.

Eureka Continues to Grow Of Three Hills District

Three Hills and district received quite a good addition this week in the arrival of three families from Eureka. Monday morning 11 Farr, Eugene Kale, and Hugh Phillips arrived Sunday morning last, with four cars of stock and effects, including 41 head of cattle, and 30 horses. They left Eureka Tuesday morning last, and were five days on the road. Mr. Phillips and Mr. Kale were up about a mile north-west of here, and have been getting moving out. Mr. Farr, who is a contractor by trade and has been handling the past few years will likely rest at present. This is his first trip up here, and he likes the look of everything so far so well. Mr. Farr and his three sons, Roy, Ed, and then, and Mr. Kale and his three young daughters arrived Saturday evening by car, leaving last Sunday on Wednesday. They had a fine trip, except for running out of gas at an awkward place one night. Not being able to buy gas at the nearby farms, they had to camp in the car, with a four-mile walk each morning for a supply of the precious liquid.

Mr. Phillips' family will be up shortly. Ray Farr, who is of military age, had to return and go into training. He returned last Monday.

The Best Farm or Ranch Car

YOU would replace your "general utility" team with a
powerful, sturdy, Ford car at once, we believe, if you had
figured the matter out carefully.

The Ford is especially suited to western conditions and your needs.
It is equal to rough roads, big loads and long distances. There are
the very things to which you will put your car.

A Ford will run your woods for repairs, grain, mail and everything
else necessary quickly and cheaply. It will save you weeks of time
and money. It will be one of your best investments. It will make
pleasure life more enjoyable. You need a car and need it badly. The
Ford is the utility car for the Western Farmer.

What Will Canada's Answer Be?

OVER in the sodden trenches amid the bursting
shells and the roar of artillery where Canada's
boys are fighting and dying.

—they are waiting for Canada's answer when the
sale of Victory Bonds begins.

CANADA'S soldiers expect that
they will put up the mightiest and deepest fighting.

the millions they must have
down Victory for freedom, peace
and Canada.

What answer will Canada make?
What answer will she make?

Well, it is said that Canada
has been the first to make the sacrifice
of blood, yet withholds her
dollars to give them victory?

Rather will it be said that Cana-
da once more, for the fourth
time in three years, has finally
put up her millions upon millions
for it cause of freedom, peace
and justice.

Canada's answer must be,
Every bond you buy is an
answer. Let the millions of an-
swers from Canada's loyal men
and women make a chorus of
Victory to ring around the world.

BUILDING COSTS ARE NOT EXORBITANT.

The Legislature seems to prevail that building material prices are high, and that the prospective builder who holds of will be able to buy "cheap" later.

The fact is that building material prices have increased somewhat in the last three years—but not in proportion to the advances in other lines. And the difference in this **LUMBER MOVEMENT ARE DOWN TO BE PERMANENT**, because they are based on permanently higher producing costs, such as higher wages, freight rates, etc. There is no artificial element of inflation in lumber prices, and they must eventually go higher.

Today's **your opportunity to build at a reasonable cost**, for you may be certain that with a **WORLD WIDE DEMAND FOR ALL CONSTRUCTION MATERIAL** now and after the war, you are taking no chances by buying and building now.

VICTORY LOAN MEETING

A large number of the home-people, but very few farmers turned out at the meeting Thursday night. It seems to the organizers of the Victory Bonds, Mr. Allison of Calgary, was perfectly familiar with the subject and looked forward to the meeting. Mr. Allison, a general dealer in information on general business matters, was assisted by Mr. Hunter and Mr. Telford, and Mr. Hunter spoke at the meeting. The meeting was held at the Victoria Hotel, and the general trend of the meeting was favorable to the Victory Bonds as a safe profitable investment, and towards the recognition of the day to support the loan.

Mr. Barstow, who bought Mr. Wall's farm recently, moved up with his family last week from Edmonton, and has taken possession of his new place. Mr. Wall bought the north half of 11 at the school sale, and has already commenced putting up his buildings. We are glad to welcome Mr. Barstow and family, and also glad to see that Mr. Wall.

Mr. Harshel, who is visiting relatives and friends near Three Hills this week.

Mr. Telford is assisting in the L. K. Laidlaw's store, a change as good as a rest.

R. Harrell, of the Great Plains Bank, was in town this week, returning from Toronto, where he had received his education from military service. He takes no exception that the road is long and that the miles are long, and that the miles are long.

Hugh Scott has drilled a new well at N. Nichols, adjacent town.

up the standard if a few of our
well-to-do farmers took the oppor-
tunity to secure a good horse.

Only a fair number turned out to the new year's eve dance at Three Hills, but as the young folks never get tired when it comes to dancing, the throng which went up to Treble Mountain Tuesday night was much larger. A good many criss-crossed the road and the bright eyes were everywhere.

It seems as though the weather man just had a j-j-be on us the past two weeks, just to scare the tender hearted down south. We are now enjoying California weather, the snow is all disappearing, and at least one man j-hiking through the would soon be ploughing again.

FR. P. BARR, M. A.

Miss McMason, who spent the holiday with relatives and friends at Durfee, and Miss Dunn, who visited friends at Mayfield, and returned to town. Both returned Monday for school.

Andrew Kungour purchased an additional quarter south of town last week through W. B. Robertson.

Miss Whyte, a niece of Mrs Robertson and who is engaged with the fire-locks at Calgary, visited town

W. H. Walthermeyer unloaded 3 cars of effects this week, including stoves, lamps, and machinery. His neighbors say it is probable they have brought 10 tons from Canada, with about 10 more yet to come. 25,000 acres are being raised, mostly close to town, in which 12,000 acres of breaking have been done this summer, all double-furrowed and dragged, and in all shape for crop. Three Hills is attracting the big farmers, as well as new methods, the profits are about as sure as they possibly can be anywhere.

Mr. A. D. Smith left Monday on a trip to the States, visiting old friends at various points.

Mr. and Mrs. H. K. Riser left this week for a few weeks' visit to their old home in Illinois.

Mr G. C. McCallish, who recently sold out his land east of town at a good figure, brought again near Radelate, leaving for his new location this week.

Mr. Bouque, the Carlew merchant, was a business visitor this week.

Thinking in Three Hills is still being bothered with its quest for the arrival of old King winter, and if new carpenter's were available there would be much more of it going on. The new Davis George is filling up a big space on main street, a private garage for the Lester & Gilliam Lumber Co., was started this week, a new house for the editor was also started this week, and the new masons are progressing. We understand also that plans are now prepared for the enlargement of the U. T. P. depot and freight sheds, which are to be then moved this side of the track at the same time.

From what news is allowed to be made public, it appears that Uncle Sam is getting fairly into his stride with preparations for combat. Nothing is being allowed to stand in the way, and now that the railroads are taken over, a tremendous saving will be effected in rushing men, munitions and material to their various destinations with finality landed in front of the enemy.

It will be interesting to note if the new Union Government is bold enough to use the strong endorsement given by the people of Canada, and handle the Canadian railway problem as it should be handled—as Uncle Sam is handling it.

Following the record trade by Dave Hall at the weekend hand sale, when overland mail was sold for 100 minutes at a higher rate per minute than at any place else, comes two other records secured by two of our energetic young station agents.

W. Harte has secured the record in the line for the sale of holiday tickets last month, having handled over his work \$2,000.00 in tickets alone.

This speaks volumes for the general interest in this section.

Another record for Three Hills is that secured by Mr. R. J. Hollis, who is the proud recipient this week of a fine gold watch for his role in the Wheat Growers' Insurance Company for having handled more insurance at this agency than at any other point in Alberta. The days of the gold shock and plenty which needed no insurance, are evidently long past and gone around Three Hills, as long as the energy and enterprise to the insurance business.

Rev. Mr. Hornsby, of Seattle, gave an interesting talk on India at the Young People's Wednesday evening. He has recently returned from several years' missionary work in India, and about a full dinner (listened to a splendid description of the general moral and religious situation in that rising land of millions. Women, he said, are being very cheap there, where a wife can be bought for five large gold doubloons, a very easy sum. He touchingly spoke of the different religious beliefs and difficulties of the different civilizations, a most interesting phase of the subject, and pointed out some future days to go more fully into that side of Hindu life.

A few moments of introduction and appreciation were given by Rev. Patterson, and Miss Hill followed.

GENERAL MERCHANTS****Mount Olive Notes**

The ladies of this community have made a Red Cross quilt for which they are selling tickets at 25¢ and they have over a hundred sold at the present time. A party will be held at the Mt. Olive school on Friday, Feb. 16, when the quilt will be given for sale. The proceeds will be for the Red Cross and a special fancy work attraction will be running the evening. The girls will be stationed for lunch. Handkerchiefs and coffee will be served. Every lady welcome. Tickets can be secured by writing the evening Telegram for the Red Cross.

Our teacher, Miss Hay, will bring at the end of this month and the winter will be used as the trustees have accepted the building for a part of the year.

The catalog is the order of the day around here.

Mr. H. Parry is contemplating erecting a fine house and barn to be equipped with all modern conveniences.

Mr. C. B. Robertson spent the week in Calgary, attending the convention.

Mr. J. T. Davis came out from America and after staying, bringing a fine line of different papers with him. His interests have been given to his farm in about two weeks.

Mrs. E. F. Card has returned after spending a week with her gem-daughter, Mrs. H. B. Bremer, at Cremona.

Mr. and Mrs. H. E. Davis gave a reception on Thursday evening of last week, in honor of their son and his wife, Mr. and Mrs. Alfred Davis. A supper supper was served during the evening at which 42 sat down and all enjoyed a very happy and prosperous journey through life.

Dr. Mecklenburg, graduate physician, 30 years experience, 15 in Alberta, will again be at Three Hills on Thursday, March 7th, and at Treason, Friday March 8th.

WE WANT YOUR LISTING

If you have any idea of selling your farm this winter or
spring, we will gladly appreciate a listing of your place, as
our extensive advertising campaign, which we have been
conducting in different parts of the State, as well as
Canada, and which has met so many hundreds of buyers,
is now bearing fruit. We are having inquiries more than
ever before, and are expecting a rush this season.

C. H. LEATHLEY, EDITOR

I have been suggested that we keep
a record in the office of farmers who
are sending help this spring, as they
more dropping into town looking for
work, and the farmer sending the
help may be able to get in touch
with such other. We shall be glad
to be of service if we can, and if
there is need of help more to phone
or in call, we will see to it that
your wants are placed before the
right parties.

Our Village Council held a first
annual Friday last when a prize
dressed of the town with big horse
and sought to win it here. He
was a little in the end when he found
he was up against a lower for of
\$25 a day and as the folks were
and the nature of making some
modest purchase.

A big second round turned out
Mr. Valentine's sale last week
was a long list of goods and stock
the best was good. Commenced
from 10:30 a. m. to 12:30 p. m.
In the afternoon Mr. Valentine
attended the same which he has
previously sold in Mr. Valentine's
has been very shortly for California
and his old horse, well retained with
his wagon in California.

Mr. Cunningham's sale on the
18th was a great success, there was
not much of a crowd, but still,
those that were there were to buy.
Mr. Stewart Morrison of Carleton
has purchased the Valley Johnson
purchased from J. N. Wright.
Mr. Norman McKinlay has pur-
chased a number of horses lately.
Some interest in the cattle trade
was in farming this year.

Mr. Cragg and Miss Cragg spent
one day last week with Mr. Cragg.
The Grange P. A. intend to
hold their annual meeting on Friday
March 19th.

CANADIAN FARM

"Paint the Farm" Campaign

Do you want your township to be called the smartest, most progressive township in Canada? If you do, start a "patriot farm" campaign and you will realize your wishes. "Patriot" institutes can do no better work than argue and help the farmer to paint. But he should need an urging; the value of a worthy maker and the worth of a good-point to high-class progressive farming should make paint the stock of every farmer. If you want just good crops in a shabby, leaky, stained, warped barn, neither will you put dirty, dusty crops in a well-painted water-proof barn.

The business like farm owner who works systematically to make the most out of his farm, realizes the importance and economy of properly taking care of farm equipment.

We carry a full line of Sherwin-Williams Paints and Varnishes for the farm.

A Truck for the Farmer

FARM equipment which will offer a time and labor-
saving, and therefore a money-saving, must be care-
fully considered by every good farmer now-a-days.The farm wagon, which for years was the most useful
of all farm equipment, is now being replaced on the best
farms by a sturdy, dependable motor truck. The truck
will haul any farm product—fruit, grain, vegetables,
stock, fertilizer, or wood—around the farm, or to the
town or city many miles distant, in half the time, and
at a much lower cost.The Ford One-Ton Truck is a rapid, economical and
very serviceable means of transport. One of these on
your farm will save you weeks of time in a single season
and will enable you to pass through a crisis of labor short-
age with less difficulty.The Ford truck is supplied as a chassis only. This per-
mits you to select any of the many body styles especially
designed for the Ford truck and already on the market.
Thus you can mount the one which suits your individual
requirements.

Price \$750 f.o.b. Ford, Ont.

Here is the same body style that may be mounted on the Ford truck chassis

AN INTERESTING CHEVROLET TALK.

In spite of the busy evening time with a number attending the Chevrolet demonstration at the Three-Rivers Garage last Thursday, M. Cleveland, a well known expert, gave an interesting talk on the proper handling of the engine, and care of the car. This is a very important subject, and one which should be known by all car owners. Mr. Cleveland also gave a demonstration of the proper way to handle the car, and the proper way to handle the car. This is a very important subject, and one which should be known by all car owners. WEDDING BELLS

On April 28th at the Manor, a very good and pretty wedding was solemnized by the Rev. J. S. Patterson, Minister of the Church of Christ, and Mr. Edward Marshall Kirk, missionary from Perth, and maid of Mr. Kirk, of Perth, being the happy pair. After the ceremony a sumptuous turkey dinner was provided by Mrs. McKinnon, mother of the groom.

Since that date are being secured for the school, consisting about 12 more pupils who have taken in. C. M. Latta has resigned, and A. J. Robertson appointed secretary-treasurer.

War Work Summary

Cheer Up and Thank God for the Y.M.C.A.

NTRY to picture yourself in the muddy cold trenches after excruciating days and long nights of mortal danger and intense nervous strain. Rushing "whit-blu-gray" and screaming "red bones" are no respite from pressure. You are killed. But despite shock and pain you still can face the long deadly struggle to get out of there. You're a Navy hero, a first sergeant, a private, you are proud. Still, the images of the other combat soldiers with the surgeons. There are other "wailing wounded" too! You must wait, wait, wait. And then—

Up comes a cheery Y.M.C.A. man, the ever-present "big brother" to the soldier, with words of manly encouragement. Close beside the dressing station the good generous folks at home have prepared a cup of cocoa. He hands you biscuits, and chocolate or coffee.

Canada-Wide Appeal

"In thousands of cases," writes an officer, "it was that first hot cup of coffee that dragged the man back to life and sanity."

The tremendous helpfulness of the Y. M. C. A. as an aid to the "morale," or fighting spirit, of the soldiers is everywhere praised. No wonder the Germans make every effort to smother the Y. M. C. A. butts out of existence.

The Y.M.C.A. is everywhere. You first met the helpful, meaty Y.M.C.A. anywhere in camp, then on train and bus, at the camp in England and in France, close to the firing line. Often he risks his life to reach you in the trenches. He has won the warmest praise from military authorities, statesmen—the King!

Have you a precious boy at the front? You cannot be "over there" to guide him away from fierce temptations of camp and enemy. You cannot comfort him in his supreme hour of trial. Your parents to him are necessarily far. But the Y.M.C.A. can thank God, is "over there," going where you cannot go—doing

Will you help? This vast organization of helpfulness needs at least \$2,250,000 from Canada for 1918. For your boy's sake be **GENEROUS!!**

"Earn and Give Campaign"

Six thousand Canadian boys are invited to earn and give at least Ten Dollars (\$10) the Red Ribbon Week. That means \$60,000 in all! Splendid! Five thousand dollars will be used for boys' work in India and China; another \$1,000 for the National Boys' Week of Canada and \$60,000 to help his brother in Khaki. Ask your local Y.M.C.A. representative for information and pledge card. When you have subscribed one or more copies of Ten Dollars, you will receive a beautifully illustrated certificate.

Coal Shipping Star's Early

The Ellis Coal Company are commencing work again full blast this week. Coal shipments are in continuous motion under this year as an account of the order that no wheel men may be used for coal after Sept. 1. A good many improvements have been made at the tip of the mine, which will materially help the right handling of the coal, and at the same time turn out a better product. New scales and a new tip have been put in, the whole plant held together, and the bottom of the hopper being released instead of the top, a much simpler and more operation. A good deal of gas and dust will be saved by the new gas to waste, will be saved by the installation of a rotary screen and separator. This will also do away with a certain amount of manual labor, being important consideration just now, and Mr. Kraman, the manager, who declares they have one of the best working crews they ever had, is feeling well satisfied that everything is in first class shape for the rapid handling and forwarding of the season's output of coal. Mr. Ellis expects a very long season, as an ever increasing demand is in sight. Several new drillings have been put up, Mr. Teraham, the mine manager, being almost ready to move his family from the old mine.

We are completely certain that the country is going through a painful stage. With the experience of surviving the past winter through the help of the other states, the southern states are in a position to overcome a difficult stage of the economic reconstruction and have the opportunity of being able to handle the reconstruction of the country as a whole. Now that we have secured the Fund Agency, we should be given more assistance to the economic and social

We now wish to take these questions if I think of the general public for the way they have just refused us in the past year and trust that our future relations this year will be even better than last. We hope to be in a position to handle all business that comes our way.

A conversation with Grand Trunk agent V. Harris brought out some interesting figures relative to the growth of flies this and last year, when the flies were great during the early part of June, as indicated by

The past six years is the longest at which doubling rate during the past few months. The export business, which is a splendid indicator of economic upturn of a community, has just doubled itself for the month of May over the corresponding month last year. The local freight is and out last month totalled the large amount of \$4,000,000, and the ticket sales for the month went over the \$100,000 mark. There were millions of outgoing freight last month, not counting grain and

al. 53,000 of the latter group out-
lasted about 100 last season's
crop 112,500 bushels more so far.
It was shipped. A very pleasing re-
sult also is the fact that over 60,000
acres of trees and shrubs have
come in the month for the farm-
ers and home-owners, showing that
some good progress is being made
in the making permanent home-
steads. They were mostly all from private
nurseries, the government distribu-
tion of trees not being so much in-
creased, owing to the peculiar restric-
tions placed upon planting, etc.

necessarily is felt by the taking of
farm boys, a tremendous amount of
new breaking is being done in the
district.

A number of the business men of town met together in Mr. Rollins' office Tuesday evening and passed the life of the Board of Trade, the last meeting of which had not been held since 1916. The minutes of that meeting which were read by Secretary Rollins, formed an interesting history study. J. N. Morgan who is the president, acted as host to the meeting and the businessmen representing the presence of the businessmen was the notice received from the Board of Railway Commissioners requesting the presence of representatives to meet them on Monday next at Calgary for the pur-

ing of the depot across the track. A tremendous amount of discussion took place, covering all subjects from Ford cars to naturalized citizenship and a great deal of useful and general information was distributed. A committee of four representing the Board of Trade, the Village Council, and the L. P. R. was eventually chosen consisting of R. J. Hollis, A. A. Dakin, A. E. Nelson, and J. N. Morgan. To these gentlemen was intrusted the duty of securing all the necessary data for the necessity of moving the depot, and presenting it to the Railway Commission when called upon. The matter of their expenses was mentioned, and it was suggested that the Village Council to Councilman and son.

Canada's Registration

Its Purpose and Application

CANADA faces the gravest crisis in her history. Four years of war have taken from the Dominion a heavy toll in talent and labor, yet despite the shortage of man power, our Allies still depend on Canada to maintain her own fighting force at full strength and to increase her exports of food and war materials, so vital to them, and to the successful prosecution of the war.

Every ounce by which Canada can increase her food production and every ounce Canada can save in her food consumption is needed for export to the Allies.

It is quite probable that before the war is won our Government may have to place restrictions upon the occupations in which men and women may engage. In such an event the Government wishes to be in a position to render all possible assistance in becoming new avocations readily and profitably entered.

Registration Day, June 22nd

These conditions point to the necessity of Canada knowing the exact capabilities of her men and women at home.

It is not the Government's intention to encourage the importation of foreign-born persons into Canada, but to ensure that the country is not flooded with immigrants who are not capable of supporting themselves. The Government is not opposed to the immigration of persons who are capable of supporting themselves, but it is opposed to the immigration of persons who are not capable of supporting themselves. The Government is not opposed to the immigration of persons who are capable of supporting themselves, but it is opposed to the immigration of persons who are not capable of supporting themselves.

CHAUTAUQUA LECTURES HIGHLY APPRECIATED.

The Chautauqua lectures given at the Three Hills Hotel last week were highly appreciated by the audience. The lectures were given by Mr. J. H. Rogers, and were on the subject of "The Chautauqua Movement." The lectures were given by Mr. J. H. Rogers, and were on the subject of "The Chautauqua Movement."

Accident in the Hay Field.

A serious accident occurred Friday morning last when Frank E. Hicks, the 11-year-old son of H. A. Hicks, who lives 7 miles east of town, was dragged through a hay field by his runaway team. Hicks was working in his father's hay field, and was driving a team of horses on the hay rake. The horses became unmanageable, and started to run. The boy was dragged into the wire, and was fearfully cut in a number of places. The horses and driver of one leg being completely severed. He was carried into David Hicke's place, and Dr. Hicke's son, who lives 7 miles east of town, was taken down on Friday night to Calgary hospital, where it is reported that hopes are entertained that his leg may yet be saved.

American Capture Imperial Village on West Front.

The Premier Guard had thought not to surrender and their opportunity was just as anxious to see the village through. It was an offer of small arms, but the Americans seemed to be better than and they picked off men here and there. The Americans began to all men and shortly their snoring ring cleared round the village. A ring down below and the soldiers saw their doom approaching. They doubled their fire, but the Americans made undisturbedly like a storm at the unresolvable rebel of the village.

The time was never in doubt for the instant. At this kind of fighting the Americans is more than equal to any Frenchman, German, or in a little more than 10 minutes all was over. Except for a few German prisoners, every German in the village had been killed. But the greatest of the soldiers could be heard.

THE SAVING SERVICE OF THE A.T.V.

The safe was the very thing we need to save most the war's great disaster of all present times, money, says John H. Lord, Treasurer, dealer, and that is time. It is with the minutes and the hours that we must economize.

There is a hint in every man's report. The amount of money lost in the war is estimated at fifty million dollars. The war has not only cost money, but it has cost time. It is a saving device at the moment.

For a time and later over the same is of more practical advantage to the busy man than any other piece of equipment. It gives him transportation for the instant he needs it. From house to house, to distant parts of the village, or to the most desirable place his business requires, it is a matter of minutes.

To save these days is a patriotic duty. The more you save the more money. With an auto you can save and serve on the broadest scale.

EDUCATION is practically the only sure way of advancement in any line of business or profession.

Of cannot hope to better your condition in life unless you obtain personal good knowledge upon the profession you have chosen.

You or your daughter can never hope to get out of the treadmill, shifting, uncertain laboring class, except by special education. If you want to see your boy or girl started right towards a successful home career, you must start them today right for the line they will eventually follow.

Very few are able to afford the time and the heavy expense of a college education, and few even to trust their children alone to the uncertainties and temptations of city life, in order to get the special education necessary for success in other life.

If you cannot go overseas, and the parent does not want to send their child to the college, you may yet bring most of the advantages of the college, without any cost of its drawbacks, right to your own home.

The International Correspondence School of America, Inc. will do this for you, and are doing it now to thousands of students all over the States and Canada. Based in this district, we taking special course of study under the direction of the I.C.S.

This is what British Columbia Red Cedar lumber is made for.
It is the consideration of all of the important elements getting higher and higher in price.
There is no other important exception—Red Cedar is the only one.
The value of wood of this kind, the most abundant of all, will be more than doubled by the year 1914.
Why wait to attend to that until the wet weather is over? Do it now.

Some good crop reports are coming

Some good crop reports are coming in from the harvest fields this week. — Marie Connell will have some wheat which will give 40 bushels per acre. J. Cunningham estimates some of his wheat south-east of town will run a high yield. H. Bouché expects an average of 25 bushels, and J. D. Bouché has some oats which will give 65 to 75 bushels to the acre.

Mr. Paul has received a cable, and

the news eventually appeared in the papers of the arrival of the troop ship in which were the last draft from Three Hills. Some anxiety had been felt for all around as these were expected great economic activity. It is really wonderful the successful manner in which our transports are handled, when one considers the saving of transportation of the cablegrams to get them.

R. E. Morgan & Co.

To the People of Three Hills and District:

We wish to advise our many customers who have purchased land from us during the past few years, that we are still in the market for good holdings of farm land for sale, but at the same time we would like to say that this is a poor time to sell. We would advise all who have any idea of selling at present to try and hold it until the present quiet period has passed.

Many things have contributed to the almost total lack of any demand for farm lands in Western Canada to-day, but we would point out that this is only temporary, and after only 14 years residence in this district, we can assure your land is worth just as much as it ever was.

Hold on as you can, but if you still wish to sell, let us hear, and we will do the very best we can under the circumstances.

We are also in the Real Estate business, and represent two or three of the best companies in Canada. This is not a bad year however, and from our experience, farmers who do not wish to insure, are taking very little risk this year, as very little has been reported anywhere in the west. We can handle your business better. If you wish, and give you the very best service and advice.

WOULD YOU LIKE PLENTY OF WATER?

THE AUTOMOBILE AS A MEANS OF
TRANSPORTATION.

The automobile, an account of its
popularity has been given many
times, and it is now a fact that
it is a means of transportation.

What is an automobile? It is a
combination of mechanical units,
using as its power source for propelling
power.

It is not a piece of machinery, as
such, but a means of transportation.

It would be as difficult to do
without an auto as it was to do
without any other animal.

They have all helped in the enjoyment
of life, in doing a task well, in
moving, and in making us more
efficient people.

It is for this reason that the auto
was so widely accepted, and it is
now a fact that it is a means of
transportation.

EDUCATION

is practically the
only sure way
of advancement in any line of business
or profession.

One cannot hope to better your condition in life unless
you educate yourself and concentrate upon the pro-
fession you have chosen.

You see or suppose you can move back to get out of
the treadmill, adding, however, labouring class
except by special education. If you want to see your boy
as a great start towards a successful business career, you
must start them training early for the line they will eventually
follow.

Very few are able to afford the time and the heavy expense
of a college education, and few save their children above to
the uncertainties and temptations of city life. It is to get the
special education necessary for success in their field.

If we cannot go ourselves, and the parent does not want to
have their child to be trained, they may get the benefit of the
advantage of the college, without any of the drawbacks, right
to your own home.

The International Correspondence School, of Scranton, Pa. will
do this for you, and are doing it now to thousands of students
all over the United States. Several in this district are taking
special courses of study under the direction of the I.C.S.

If you are interested, drop me a card to let me know.

**What Will You Do
For Help?**

FARM help is scarce, but this condition can be relieved
to a certain degree by using machines that accomplish
more work in a given time.

Why should the farmer cling to horse - also, expenditure
of money for fuel, oil, and other things, when he can
use the truck and thereby reducing the cost of hauling, saving
time, and saving for himself the best of the horse.

The motor driven truck can work constantly at maximum
load under the heaviest conditions, or in the coldest weather.

Unlike the horse it needs no rest while working, it can
work in actual rain, and when it is not working it does not
require any little attention, and leaves you free to other
"chores" about the place. Then, it can be loaded in one
quarter of an hour, and it is useful only for driving
over paved roads. The Ford can be driven all over the farm,
and used for hauling grain, potatoes, fruit, rocks, fertilizer,
wood, stock, and any other product. The speed it
makes, the time it saves, and its low cost, make it
very strongly to all users of the Ford Truck. If you need
help, order your Ford One Ton Truck today.

All other trucks are not the same, some are made and built
for the purpose.

J. F. CLARK

GENERAL MERCHANT
Agents for Hebburns Cycles

R. E. Morgan & Co.

To the People of Three Hills and District:

We wish to advise our many customers who have purchased land from us during the past few years, that we are still in the market for good listings of farm land for sale, but at the same time we would like to say that this is a poor time to sell. We would advise all who have any idea of selling at present to try and hold it until the present quiet period has passed. Many things have contributed to the almost total lack of any demand for farm lands in Western Canada to-day, but we would point out that this is only temporary, and after our 14 years residence in this district, we can assure your land is worth just as much as it ever was.

Hold on if you can, but if you still wish to sell, list with us, and we will do the very best we can under the circumstances.

We are also in the Real Estate business, and represent two or three of the best companies in Canada. This is not a bad thing however, and from our experience, farmers who do not wish to insure, are taking very little risk this year, as very little has been reported anywhere in the west. We can handle your business wherever you wish, and give you the very best service and security.

WOULD YOU LIKE PLENTY OF WATER?

If you are short of water, you can scarcely imagine the convenience of always having a plentiful supply. We can refer you to many satisfied farmers all over the district.

TOWN AND DISTRICT NOTES.

Mr Phillips tells us he has sold his property from his lot in The Capital.

C. White, Geo. Hope, H. T. Howe, and J. F. Hill entered up

deeds last week-end after the

The northbound passenger was

delayed about two hours Friday, the

engine leaving the track just south

of Twinning.

The farmers are all suffering from

a very catching complaint these

days. Some have got it, while others

are doing their best to get it out of

the stock.

The first real frost of the season

arrived Tuesday morning last, the

first of September. Several crops

were injured, and potatoes and

late grain received a severe

froze to a depth of about six

inches in some places.

Miss Conrad and Grand were

Calgary visitors over the week-end

holidays.

Mr Alec Kinsman, who has been

suffering from diabetes for about

two months, and who has only

been making very slight progress

towards recovery, left last Wednes-

day week for Calgary hospital to see

if a change would help him.

Mr Miller, wife of evangelist

Miller, left Monday for her home

at Edgemoor, a great many friends

bidding her God speed at the depot.

Mr Miller continues his evangelistic

work in other parts of the district.

School started again on Tuesday

with Miss McLennan and Miss

Campbell in charge. Of course the

children just love to go to school.

Born to Mr and Mrs R. Johnson

on Thursday, Aug. 20th, a son.

Mr A. J. Robertson and daughter

Miss Kathleen Webb left Mon-

day for Edmonton, to teach public

school. Her sister, Miss Nellie,

will teach in the Alberta College,

Edmonton.

Mr R. W. McCullough and daugh-

ter returned Wednesday from a

two week's visit at Banff and Cal-

gary.

T. J. Kelly and family spent a

short holiday at Calgary this

week where Miss Grace had her

eyes attended to, by a specialist.

Clare Patten, Leta Peters, Tom

Edwin, and Alva Dinkin, returned

to Calgary Sunday, and report Perry

Black, doing splendidly after his

operation.

School opened at Three Hills

last Monday with Miss Murphy

of Beiseker, in charge.

Miss Winifred Leatherby, who is

on the staff of the Farm and Ranch

Review, Calgary, visited her parents

over the week-end.

Good War News.

The war news has been hearteningly good this week. The victory after another has been reported for the Allies, and the news of pressing interest has been shifted from the front to the rear with startling rapidity. Bulgaria has been defeated, and has surrendered unconditionally. Turkey has been completely eliminated and obliterated in Palestine, and Germany is reported to be making the call of Turkey to surrender. Her following Bulgaria, in the West front the Germans are being beaten everywhere, and the various defeat and counter attacks are weakening. It is now generally acknowledged that we have seen the beginning of the end for the way to new order for Europe to get to new German developments, as men like home can be organized to build better forward. It is expected that Germany will fight to the last, and the only danger now is that peace talks will interfere with the German military to actually surrender, and Germany is made to pay the last fighting for the world comes the new world.

EDUCATION is precisely the only sure way of advancement in any line of business or profession.

"I can't have to better your condition in life unless you advance myself and maintain upon the position you have chosen."

Your son or daughter can never hope to get out of the transient, shifting, uncertain, laboring row until by special education. If you want to see your boy or girl started right towards a successful business career, you must start them training early for the line they will eventually follow.

Very few are able to afford the time and the heavy expense of a college education, and few are to trust their children alone to the uncertainties and temptations of city life, in order to give the special education necessary for success in other life.

If you cannot go yourself, and the parent does not care to send his child to the College, you may still reap most of the advantage of the college, without any of its drawbacks, right to your own home.

The International Correspondence Schools, of Scranton, Pa., will do this for you and provide it free to thousands of students all over Canada and the U.S. Several of the schools are taking special courses of study under the direction of the U.S.B.

If you are interested, drop in and talk it over with C. H. Leitch, at The Capital Office.

NOVEMBER

THE THREE HILLS CAPITAL

PUBLISHED IN THE INTEREST OF THE BEST MIXED FARMING DISTRICT IN ALBERTA

Vol. III. No. 48

THREE HILLS, ALBERTA, FRIDAY, NOVEMBER 1st 1918.

\$1.50 Per Year

Mr. Holmes and Mrs. Fargith have been nursing Mrs. Karmann who developed a serious attack of pneumonia, following the influenza. E. K. McEwen, developed a pneumonia, following the influenza. E. K. McEwen, developed a pneumonia, following the influenza.

Quite a number of young children are suffering from measles.

Miss Cora Conrad has been sick with influenza and Glad has about recovered from an attack of the flu.

The Manor has been full of patients this week. Mr. and Mrs. Pater are being down and little Harry sick with measles. Mrs. Pater has been attending these cases. Miss Conrad was taken sick early in the week.

Mr. Hubert Pater, of Trehan, has purchased The Three Hills Capital business, taking it over this week.

J. Boley has been a busy man this week, attending to quarantine cases, seeing nurses getting things cleaned up, and attending to the very necessary enforcement of the health laws.

It has been well suggested that people put in a supply of coal in case of the spread of the epidemic at the mines.

Rev. Frank Miller of Elgin Illinois, who held revival services at the Presbyterian church the summer was in town Monday enroute to his home.

Mr. and Mrs. Geo. Buchanan of Springfield have been visiting with Mr. and Mrs. James Lee, from Tuesday till Friday. They spent Thursday afternoon with Mr. and Mrs. John Ryan.

Plumes and wearing masks when away from their homes are held to a fine of \$50.

Ladies who are willing to act as nurses will be paid \$100 per month.

THE PEOPLE AND THE WAR

The people were shocked to learn Friday morning that the hand of death had again visited the Kinsman home. Mr. Kinsman, who was stricken with the influenza last week, which developed rapidly into a dangerous attack of pneumonia. His condition had been critical all week and Thursday night he passed away. It is only a few weeks since his husband was laid to rest, and the worry and trouble of this being left has no doubt hastened her end.

She had planned to return home to tend her very sick in her parents taking her three small children, who are now so early left orphan. The funeral takes place this afternoon.

War Efficiency and National Prosperity

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

CANADA'S production in such enormous quantities was made possible only by the money received through Canada's War Loans. Canada thus was enabled to assist the Allies in their purchases here by establishing financial credits for their use in this country.

CANADA'S war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for—

Butter	\$ 2,000,000
Cheese	36,602,000
Eggs	2,371,000
Oats	37,644,000
Wheat	366,341,000
Flour	95,896,000
Meats	76,729,000
Vegetables	19,034,000

Over six hundred and thirty-six million dollars for exported farm products alone!

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was distributed in Canada, during the year:

Maniticas	\$450,000,000
Metals	92,081,000
Vehicles	22,776,000
Wood Pulp and Paper	59,599,000

These huge sums were spent in Canada by the Allies.

Canada's own war expenditure for the fiscal year 1918 was \$342,762,000.

And the bulk of all these expenditures, the foundation of Canada's prosperity and war effectiveness, was made possible only because the subscribers to Canada's war loans furnished the working capital.

CANADA must keep this great work going—must produce as never before; must work, fight, save and lend as she has never yet done to bring victory and a lasting peace to a war-ridden world.

But Canada to-day (thanks to her great export trade), is in a better position now than ever, to carry on.

The Victory Loan 1918 will keep Canada busy, will enable her to maintain her great export business; and it will make Canada more efficient than ever, because her prosperity will not be diminished and her determination to work, fight and win will be stronger than it has ever been before.

R. E. Morgan & Co.

To the People of Three Hills and District:

We wish to inform our many customers who have purchased land from us during the past few years, that we are still in the market for good building of farm land for sale, but at the same time we would like to say that this is a good time to buy. We would like all who have any line of building at present to try and build it until the present quarter price has passed.

Many things have contributed to the almost total loss of any demand for farm lands in Western Canada today, but we would point out that this is only temporary, and the old 14 years rule in this district, we can assure you that it will be worth the cost as it ever was.

Had we if you sell, but you still will be left, with us, and we will be the very best you can get, under the circumstances. We are also in the final installment in Canada. This is not a bad thing to have, and from our experience, farmers who do not wish to leave, are taking very little risk this year, as very little has been reported anywhere in the West. We are ready to handle your business however if you wish, and give you the very best service and security.

DESTRUCTION AND STARVATION IN WAKE OF THE DISBANDED ARMY

HORRORS OF NAPOLEON'S RETREAT OUTDONE

Sufferings of the Austrian Troops Held to be Indescribable, at
Great Menus of Men Wait for Hours in Starving Condition
On Account of Congestion of Roads

With the Italian Army at Trent, the reports of the Italian press of the extent of destruction and starvation are common as our papers are full of reports of the same. Our troops are trying to pass the thousands of Austrian prisoners who were taken in the Italian invasion of the Balkans. Every road leading up to the city is crowded with the dead and on every hand there is evidence of the collapse of one of Europe's great powers.

The heroes of Napoleon's retreat from Russia, it is said, by the millions are suffering in the mountains of the Balkans. It is reported that one man was found to have crawled for one week for hours to move a few feet and a few hundred yards to half a mile.

Many Austrians are dying from lack of food and starvation and pneumonia. The Italians are doing all they can to hurry up food supplies and blankets. The reports of the dead Italian are those, the first he breathes the fresh air and the second he is killed by starvation.

Large bands of Austrians are being taken to the mountains between Rovereto and Trent, a distance of 50 miles, in searching for food. It is reported that some of the soldiers are asking whether they would rather die than starve. They asked orders from the general. They were told to die. And when they hear again about the army, they say, "We must starve to death. We are not interested in. We are indifferent to death and death—everywhere but food."

military gear.

There is no swearing among them
now. There are even comments of
profoundest sympathy broken by snatches
of songs. Lithuan soldiers seen post-
war have been saved at the end of the war
is approaching. They say,

"What's a few months more now
that we are sure of victory!"

GENERAL REVOLT IN HUN NAVY AS A PRESAGE TO FINAL COLLAPSE

MUTINEERS REPORTED IN COMPLETE CONTROL

Least Food and Bad Treatment, Together With the News of the Collapse of Austria, Calamitated in the Hohenzollern Navy Going On Strike

London. — Virtually all the German fleet has revolted, according to dispatches received from The Hague. The mutiny is reported to have been brought about by the news of the collapse of Austria, the lack of food and the bad treatment of the sailors.

The mutineers have captured wireless and are communicating with each other. Their officers are being held in custody.

now will they forgive his surrender of the sacred mountain of Chacabamba, the source of the Bolivian tin trade? It is an impregnable stronghold of the mountaineers, the last refuge of the remnants of the great American naval captain and as usual on the Gulf of California and around the Gulf of Panama, the position is not the least strategic.

King Kitchener was followed by another who heard his signature on the map of the mountain range of the Montserrat army. Part of his troops relied to the mountain fastnesses and were carrying on a guerrilla warfare in the mountainous regions of the places under gallant Gen. Verbovich, several thousands of them managed to escape to the mountains of the Andes under the French flag.

How Many Crowns for Your Honor Flag?

Of course every city, town and district will earn its Honor Flag.

But how about the crowns?

For every twenty-five per cent. in excess of its quota, each city, town and district will be entitled to add a crown to its flag.

Can you do fifty per cent. better than your quota—that means two crowns for your Honor Flag.

But double your quota and it means four crowns.

Hang a Flag in your hall, that for years to come will show that your city, town or district did better than well—

That it was a real factor in the huge success of CANADA'S VICTORY LOAN 1918.

Expects to Sail for France After Congress Is Opened

WASHINGTON, NOV. 21.—The White House issued the following announcement today:
"The President expects to sail for France immediately after the opening of the regular session of Congress, for the purpose of taking part in the discussions and settlement of the most important of the treaty of peace. It is not likely that it will be possible for him to remain throughout the session of the formal peace conference, but his presence at the outset is necessary in order to observe the manifold disadvantages of discussion by cable in determining the great outlines of the final treaty about which his name is so frequently mentioned. His will of course, be accompanied by delegates who will act as the representatives of the United States throughout the conference."

Premier Lloyd George, Donor Law and Commerce, Coalition Leaders

LONDON, Nov. 21.—Premier Lloyd George, Chancellor of the Exchequer Andrew Bonar Law, and George Barnes, member of the war cabinet, the leaders of the coalition government, appeared at the election meeting yesterday morning for addressing a large audience in Central Hall, Westminster. The Premier presided.

Mr. Lloyd George said the new parliament would be the most important ever elected in the history of the country. Continuing he said:

"The war has revealed the defects of the old system and we will be wise to take note of and remedy them. We cannot return to old conditions."

"Parliament rises to the level of its great opportunity, then the war and the future will be fully manifested on the only field of a continued and happy peace."

"The old parliament has served its use and there is no time to lose in completely new to the peace conference with the authority of the people behind them. There is no one talking of black republics. That is only talk of black republics."

"The common is, what body of men is going to make the law of reconstruction?" Breaking into tears, he said:

"The war has revealed the terrible conditions we must the splendid health of the nation. This is due not to poverty but neglect."

"The health of the people must be the special concern of the state. What we have done towards feeding millions in the past is like feeding a hungry ghost with a turkey."

"Education? Land? Roadways? The premier hoped that many of

We had a wonderful time, boys. Old Billy's house did ring. For we drove him all around the town. Then turned him at the stake.

He cried as the flames rolled upward. "They have turned me from Berlin. I see the gates of Heaven. But they'll never let me in."

The children screamed and the dogs did bark. And how the head did play. Then from the crowd there rose a shout. "Say Billy you've had your day."

The people gathered from far and near. To witness the wonderful sight. And thanks to the Provision Law. Not one of them was tight.

the British soldiers on their return would be sent to the front. The development of transport and electricity would have to be taken in hand, he said. All the problems of reconstruction must be faced by the British people, and not by the Germans. Every party he declared had its great traditions and this would be to forget. For the next four and a half years, the Premier said, he wanted to see all the parties united with the best traditions of all.

A vote: "What about the discharged soldiers' party?"

The Premier: "Really that is not a separate party, and the general election will prove it."

The result was greeted with cheer.

THREE HILLS, ALBERTA, FRIDAY, December 6th 1918

STAND BY YOUR TOWN

No town can be permanently prosperous in which the citizens and tradesmen dependent on each other, do not patronize each other. The merchant wants a harness, for instance, and although his neighbor is a good harness maker, and trades with him, he imagines he can save fifty cents by sending to another city or province for his harness. The harnessmaker in turn sends away for his groceries, boots, shoes and clothing. The shoemaker sends away for his raw, and the tailor sends away for his boots, and so it goes. As a result the farmers coming in to trade, see all the tradesmen sending to other places for goods, he comes, they say, they can save money by doing so, and come to the conclusion they too can do better elsewhere, and then everybody is traveling about hard times and no business. No wonder, the business men themselves turn the tide of trade elsewhere, for if they can supply themselves to better advantage by depriving their neighbor of their trade, others learn to try the same experiment. It is a dangerous one to incur. Ten dollars is lost where one is saved, because the entire business of the place is dwarfed and hampered thereby.

The fact is, but little is ever made in going away to trade, and, poorer, counting all expenses, there is a loss. There is a town in which the people make it a rule not to send away for anything. They get all homes, and are very close to a town in which business is lively and everybody buys, and trade is contrasted from abroad. Prices are low and the tradesmen patronize each other, having no suspicion that confidence will be abused. Let it once be understood that the business men of any town are in the habit of sending abroad for purchases, and the business will languish. Having no confidence in each other, how can they expect others to have confidence in them? No, that's the way to build up a town. Patronize each other, and keep all your business.

A DUTY TO PERFORM

The man who makes money in a community has a duty to perform to that community. It may be that he has made his money by his superior business ability and that he would have done so well anywhere. That does not alter the case. If his gifts are great his responsibility is equally so great. No man was placed on earth for the sole purpose of making money, and the man who has made money as his ideal had better make have lived better. It is not an act of charity, but the performance of a simple duty for the man who has made money to pass a little of it on for the benefit of the community, even though he never expects to see a dollar of his contribution back.

BE A BOOSTER

Be a booster for your home town. If you had nothing to boast but a stove and a postoffice, be a booster for the same. If you let people know of the great opportunities your town offers, they will "sit up and take notice," and finally see that you are right. There is no town, however small, but has some ad-

\$5,000 provision for your home — plus — \$50 a month indemnity for yourself

Guaranteed to You Under Our New Special Indemnity Plan

It safeguards your business.

— protects your home, and —

— if you become permanently disabled —

— pays you \$50 a month for life, and —

guarantees \$5,000 to your family.

Whatever your income may be, a certain part of it is vital to your existence. Let us suppose that vital sum is

\$50 a Month

That you must have.

But—

If some day, before you reach age sixty, you should become totally and permanently disabled through accident, paralysis, nervous break-down, blindness, rheumatism, or any mishap or illness that would leave you without an income and unable to earn a living—

How Could You Get Along?

From a financial standpoint that would be worse for you, for your family, and for your business than the loss of your life because, while your income would stop, your expenses would go on just the same.

Suppose, however, now that you are in good health, you take out a Canada Life Special Indemnity Policy—

Your Problem is Solved.

The Canada Life would become responsible for sending you \$50.00 a month (or more, as you may have arranged) for the rest of your life.

When totally disabled you cannot earn premiums, so the premiums cease.

You will also need immediate funds. By allowing your dividends to accumulate for a few years you would have a substantial cash sum at your credit ready for an emergency.

The Policy will go on earning dividends which will be paid to you in addition to your income.

What Then?

It makes no difference how long you may live and continue to draw the monthly income, the Policy still carries the full \$5,000 payable to your beneficiary. In other words, not one dollar of all that you receive in monthly payments will be deducted from the amount of the Policy.

Nothing Left to Chances.

This is the Policy you will want when you know how completely it does away with hazards that you are now taking. The premium required for all these benefits is very moderate.

Scathing Denunciation Of the German Navy

[illegible]

"There are two too many of us," he added, "either to join the North German states or else have the territory divided by the Czar and the British. I would rather have a commercial federation with the other republics of the empire."

Dr. Kluge is considered one of the greatest jurists of the old empire. He is the compiler of the civil code.

GILLETTE Safety Razor
THE USEFUL GIFT

It's only the custom to tell your friends what you would like as a gift, how many more men would own a Gillette—really not continuously—reminds the person to whom it is given of the gift. It's a gift that's always there—day after day, for at least the few minutes occupied by shaving.

Your gift **USEFUL**, with the Gillette handling the job where man's hand fails. For men who already own a Gillette, this gift of a few more never fails to win appreciation.

SUBMARINES FOR FRANCE

Five transporters will arrive at Cherbourg Tuesday towing five German submarines. This is the first group of U boats to be handed over to France. It includes one of the most recent vessels of the submarine cruiser type. The Japanese armored cruiser Nishin with two torpedo boats has arrived at Compiègne.

adopted a special program of procedure. The Berlin bourgeoisie and Banking and industrial circles, as far as the correspondent has been able to ascertain, do not expect the immediate enactment of real measures. The impression prevails that the Ebert-Haase government is convinced that the present political and economic situation is insuperable. This seems to have been confirmed by recent utterances of the leaders of both wings of the Social Democratic...
